

MEMBERS OF THE National Farmers Organization put the torch to piles of potatoes at a "burn" 20 miles south of Boise Tuesday afternoon. Estimates placed two million pounds in the

pile. Actually, only a small amount of the spuds were burned. The rest will be allowed to rot. (UPI telephoto)

Schedule Released For First Air West Jets

Air West's first regularly scheduled Jet flight into Twin Falls will land at the Twin Falls City-County Municipal Airport, Joslin Field, at 1:43 p.m. on Sunday, April 26, it was announced here today by Don Cooper, Idaho sales manager for the airline — with headquarters in Boise.

The first plane will originate at Los Angeles and will make stops at Las Vegas and Salt Lake City before touching down at Twin Falls. It will be one of the airline's newest Super DC-9 Spaceships.

The original flight will depart for Boise at 2 p.m. and will end up at Seattle after intermediate stops at Lewiston and Spokane. First flight from the Northwest will arrive in Twin Falls April 26 from Seattle after stops at Spokane, Lewiston and Boise. Coming in at 4:41 p.m. the plane will depart for Salt Lake City, Las Vegas and Los Angeles at 4:55 p.m., Mr. Cooper said.

The first flights will permit reservations to be accepted starting on March 26 and these may be made either by telephone or by calling in person at the Air West headquarters at the Twin Falls field.

Mr. Cooper said that the new Jet flights would continue on a daily basis following the original touchdown.

Other flights in and out of Twin Falls will be serviced with the F-27 Prop-Jets. Schedules will include a departure for Salt Lake City at 7:35 a.m. daily, and an arrival from Boise at 12:25 noon and departure for Pocatello and Idaho Falls at 12:35 noon. The Boise-Idaho Falls flight will be daily except Saturday. There will also be a flight from Salt Lake City at 8:23 a.m. and continuing on

west. Another F-27 flight will arrive at Twin Falls at 7:54 p.m. daily from Las Vegas and Salt Lake City and will return to Salt Lake

"Sick Out" Slows Air Traffic Across Nation

By United Press International
Air traffic controllers began a "sick and tired" slowdown across the nation today, crippling airline service in some areas by failing to show up for work.

More than 50 per cent of the men who serve as traffic cops of sorts for airlines, reported they were sick or too tired to work, in spite of warnings by their employer, the Federal Aviation Administration (FAA), that the "sick out" was illegal and that severe penalties might be imposed on those who stayed off the job.

As in the case of postal workers, the controllers cannot legally strike against the government. The Professional Air Traffic Controllers Organization (PATCO) avoided calling it a strike but said the men were insisting on better working conditions and improved bargaining rights.

Based on reports by PATCO, the FAA and spokesmen in local areas, this was the picture at mid-morning:

Boston—"No trouble" reported at Logan International Airport insofar as absenteeism was concerned but arrivals were delayed because of problems elsewhere.

Cleveland—52 of 119 men were out, causing considerable delay and reduction in departures and landings.

Atlanta—Operations were described as normal from the standpoint of departures, with

Hearing

BOISE (UPI) — The Public Utilities Commission has scheduled a public hearing for 9:30 a.m. in the Statehouse April 20 on Idaho Power Company's request for a rate increase.

Direct evidence from the power company in support of its application for the increase will be taken on April 20. Individuals wishing to appear in protest to the proposed increased rates will be heard in the same room on April 21, the PUC said. Idaho Power had asked to put its proposed rates into effect for all service billings rendered on and after April 19.

"The commission has determined that it is in the public interest to hold hearings on the application . . . and . . . suspend the proposed rates and charges until Aug. 1, 1970, unless otherwise ordered by the commission," the PUC said. Idaho Power proposes to boost its rates to return an additional annual revenue before taxes to \$4,968,317.

Cadets
NEW LONDON, Conn. (UPI) — Nine cadets, including seven who were to receive their ensign bars this June, have been dismissed for possession and use of marijuana, the Coast Guard Academy announced Tuesday.

A spokesman at the academy, located across the Thames River from the U.S. Navy's submarine headquarters for the Atlantic Fleet, said the cadets were expelled last Friday as the result of charges in an executive board action.

He said he was "not at liberty" to name the cadets. The academy, located here since 1910, has an enrollment of 836 and will graduate 135 cadets in June.

Thousands See Movie About King Warplanes Hit Radar Near Suez

By United Press International
Israeli warplanes today attacked radar and other military installations along the Suez Canal and shot down four Egyptian MIG21s in one of the biggest air battles in the Middle East in months, a Tel Aviv spokesman said.

A military spokesman in Cairo said 16 planes on each side were involved in the dogfights which swirled over Egypt. He said one Israeli plane was shot down and one was damaged.

It was the third day of raids against radar stations by the Israelis who have threatened to prevent the installation of new Soviet SAM3 antiaircraft missiles to replace the older SAM2 defenses destroyed by the Israeli air force over the past few months.

The Tel Aviv spokesman said the Israeli planes struck at targets as deep as 16 miles from the Suez Canal cease-fire line. In addition to the radar stations, the spokesman said attacks were made against artillery and other positions across the central and southern sectors of the front.

Israeli spokesmen said a fleet of MIG21s rose to challenge the raiders and that four were shot down in aerial battles that ranged up to 20,000 feet. Tel Aviv said all of its planes returned safely.

Lebanon also was having troubles with Palestinian guerrillas based there. On Tuesday guerrillas fought a battle in Beirut with a band of hashish and cigarette smugglers. Today fighting broke out between residents of the mountain village of Al Kahlale and guerrillas who were passing through en route to Amman with the body of a comrade slain in the Beirut gunbattle.

Naturist Congress
LONDON (UPI) — More than 5,000 nudists from 21 nations will attend the 1970 World Naturist Congress in Britain next August, the meeting's sponsors said Tuesday.

Thousand See Movie About King
ATLANTA (UPI) — Hundreds of thousands of Americans attended a filmed tribute to Martin Luther King Jr. in theaters across the nation Tuesday night. A handful of bomb threats in the South marred the evening.

Police reported bomb scares in Arlington and Richmond, Va. One theater in Arlington, a Washington suburb, was evacuated for a search. Threats were made against eight other theaters in the Washington area, but they were not emptied.

The film of King's 13-year civil rights battle from Montgomery, Ala., to Memphis was shown in 1,000 theaters. The Southern Christian Leadership Conference (SCLC) said 83 theaters were sold out in Manhattan, 27 in Washington, 10 in Atlanta and four in Memphis.

King's widow, Coretta, attended the movie in Atlanta. "To be able to see in one stretch all of the campaigns that were conducted during those twelve and one-half years of my husband's life and leadership at one sitting is something that we never had an opportunity to do," she said. She said she was "tremendously moved" by the film.

"It was great, really great," said King's father, who also saw the movie in Atlanta.

Wreckage
MANILA (UPI) — The Philippine constabulary Wednesday reported finding the wreckage of a World War II vintage U.S. bomber and at least two skeletons in rugged mountain country about 45 miles southeast of Manila.

A constabulary officer at Lucena, about five miles from the crash site, said in a telephone conversation the plane's four engines were still intact.

He said a patrol from Lucena found the plane Monday on the side of Mt. Banahaw on the boundary between Quezon and Laguna provinces. Dense foliage covered most of the plane, indicating it had been lying undisturbed for many years, he said.

Was Quite Polite
PRESTWICK, Scotland (UPI) — A 21-year-old man who complained of the heat stripped naked in front of 30 other passengers on a British Overseas Airways Corp. (BOAC) jet which landed here Tuesday.

He strapped himself nude in his seat and police carried him, wrapped in blankets, from the plane. He was released after a medical examination and no charges were filed. "He was quite polite," an airport official said.

Pay Hikes Expected With Strike Ended

United Press International
The nation's first postal strike was over today and Congress sat down to decide how big a pay raise it will grant the mailmen.

New York City, where it all started eight days ago, was the only major holdout. But back-to-work votes in the boroughs of Queens and Brooklyn indicated all the city probably soon would join workers in 13 other states sorting a backlog of millions of pieces of mail.

Until the postmen return in Manhattan, military personnel called in by President Nixon were doing their best to keep post offices operating, although there were no deliveries.

In Washington, Senate and House conferees met today to try to iron out differences in bills granting pay raises to mailmen. But James Bademacher, president of the National Association of Letter Carriers, warned them to go slow because new demands would be forthcoming that were well above benefits provided in the House and Senate bills.

"At this point," he said, "the provisions of the House and Senate bills are totally inadequate and our demands are much higher." He said the union wants a 12 per cent increase retroactive to Oct. 1, 1969, and \$800 a year boost on July 1, 1970, and other benefits.

Postmaster General Winton M. Blount called in the leaders of the seven postal unions this afternoon to discuss their demands. He said at a news conference Tuesday night workers were returning "in overwhelming numbers . . . I think what we have is a return to work generally throughout the country, except for downtown New York."

Mail service resumed Tuesday in such major cities as Philadelphia, Chicago, Detroit, Los Angeles, Newark and San Francisco.

Federal Judge Frederick Vanpelt Bryant Tuesday night cited Branch 36, the Manhattan local which started the strike, for contempt of a court order to return to work. He said if they

were not back on the job by 5 p.m. EST today the union would be fined \$10,000, and if they weren't back by Thursday, they would be fined another \$20,000. The fine, he ruled would increase by \$10,000 each succeeding day of the strike.

In addition, Gustave Johnson, the union leader, would be fined \$500 a day.

At the height of the strike, 208,269 post office employees were off the job in Illinois, Nevada, California, Wisconsin, Minnesota, Michigan, Ohio,

Pennsylvania, Connecticut, New Jersey, New York, Massachusetts, Colorado and Rhode Island. The number had dropped to 112,946 by Tuesday paving the way for Blount's agreement to negotiate with union leaders.

Vital Transmitter Is Recaptured Near Laos

VIENTIANE (UPI) — Government troops have recaptured a hilltop radio transmitter used to guide U.S. and Laotian warplanes to their targets around the American base at Long Cheng, military sources said today.

The transmitter, a beacon-like apparatus a mile and a half north of the camp, had fallen to Pathet Lao and North Vietnamese soldiers late Monday. It overlooks Long Cheng, a vital vantage point for the guerrillas.

Field reports said troops of the clandestine army of Gen. Vang Pao, behind air strikes and artillery barrages, recaptured the hilltop outpost at noon Tuesday. No casualty figures were available.

Military sources said the transmitter had been damaged in the fighting Monday and Tuesday but was intact. Repairs were needed before it could be used again.

No other major fighting was reported Tuesday around the U.S. support base 75 miles northeast of Vientiane, the last major American-Laotian base standing against the Communist campaign in Northeast Laos.

Reports from the area said frequent monsoon rainstorms were making it difficult for the Laotian and American pilots to get in to support the valley enclave, believed surrounded by the guerrillas.

Hold

PAHUTE MESA, Nev. (UPI) — One of the largest thermonuclear devices developed by the United States was placed on a 24-hour hold today because of unfavorable winds which whipped across this 7,000-foot volcanic plateau.

The Atomic Energy Commission said a weather briefing at mid-afternoon today would determine whether the device, packing the punch of more than one million tons of TNT, would be triggered early Thursday.

The Pathet Lao leader, Prince Souphanouvong, called in a letter made public Tuesday for an "immediate, complete and unconditional" halt in the U.S. bombing as a sign that Prince Souvanna Phouma, the government leader, is sincere

about wanting peace. Diplomatic sources in Vientiane said they saw nothing particularly new in the letter to Souvanna from his half brother. All previous Pathet Lao settlement proposals have sought an end to the bombing.

White Cloud Projects Are Facing Long Delay

SPOKANE, Wash. (UPI) — The American Smelting and Refining Co., announced here Tuesday it would defer further development work on its molybdenum project in central Idaho until the Forest Service completes a comprehensive study of the area.

Keith Whiting, supervisor of ASARCO's Northwestern United States Exploration Division, made the announcement for the company after informing the Forest Service of ASARCO's deferral.

The Forest Service several months ago announced it would carry out comprehensive study over a period of two to three years. The study would accumulate information on resource conditions, ecological relationships and management alternatives as a basis for long range plans.

ASARCO has mining rights to the property, located in the Little Boulder Creek area of the Challis National Forest, but the Forest Service has not granted the company access-road rights to the area. Preliminary estimates place the molybdenum (mo-lyb-de-num) value in the area at one billion dollars.

Molybdenum resembles chromium and tungsten in

many of its properties and is used in strengthening and hardening steel.

Grant For Study Goes To College

POCATELLO (UPI) — The Nation Science Foundation has awarded Dr. G. Wayne Minshall, assistant biology professor at Idaho State University, a \$35,925 grant for research on Idaho's desert environment.

Part of the world wide study of ecological systems being conducted under the auspices of the international biological program, the project will be conducted on Deep Creek in the Curlew Valley of southeastern Idaho just south of Arbon Valley.

The first phase of the project will be in full swing by June and will continue through next Dec. 31. The entire study will take five years to complete and the grant, given in cooperation with Utah State University, will be renewable in lesser amounts each year.

Dr. Minshall and his staff will attempt to describe the entire function of the desert in terms of the interaction of plants, animals and environment.

He said the aim of the study is to predict the likely effect on the area by serious changes wrought both by nature and by man.

HIS HEAD protruding through the shattered open door, the car struck a massive rock on rear window of car that went off a highway near the highway. Mr. Turnage and two other Newburyport, Mass., David Turnage, 34, accompanied survived with broken legs. (UPI telephoto)

Upswing Noted In Home Field

WASHINGTON (UPI) — President Nixon, apparently indicating further steps to loosen economic restraints, has assured building trades union leaders there will be a big upswing in home construction and other building activity in the coming months, it was reported Tuesday.

"I want you to understand there'll be a lot of work this year, and a lot of jobs," and informed source paraphrased the President as telling the union leaders at a White House meeting Monday.

The labor officials reportedly were pleased with Nixon's comment during a two-hour discussion that also included Vietnam and world affairs. Labor Secretary George P. Shultz attended.

INMATES RIOT

ADANA, Turkey (UPI) — Nine hundred inmates rioted at Adana prison in Southern Turkey Tuesday but were subdued after two hours of fighting. Prison officials said the rioters were protesting against the prison director, who they claimed treated inmates and their visitors badly.

Postmen Here Not Satisfied With Pay Scale

Warren Adamson, president of the National Association of Letter Carriers 1392, Twin Falls, said Wednesday his organization is not satisfied with present wage scales.

He said the organization is dissatisfied and has been working more than two years to obtain the pay increase that was voted by U.S. Congress for letter carriers but was never granted them.

A meeting is expected to be called later this week, he said, to discuss local plans. There are approximately 20 members of the local letter-carriers' union.

Official City and County Newspaper Member of Audit Bureau of Circulation and UPI

Pursuant to Section 60-108 Idaho Code, Thursday is hereby designated as the day of the week on which legal notices will be published.

Published daily and Sunday, except Saturday, at 130 Second Street West, Twin Falls, Idaho, 83301, by Magic Valley Newspapers, Inc.

Entered as second class mail matter April 6, 1919, at the post office at Twin Falls, Idaho, 83301, under No. 107 of March 8, 1970.

Forecast

Mostly fair and not so windy today, tonight and Thursday. High today 47 to 57; low tonight 18 to 28; warmer Thursday with high in the 50s. Chance of rain less than 10 per cent through Thursday. Outlook for Friday—mild and dry. In the Camas Prairie, high today 39 to 43; low tonight 5 to 15; high Thursday 33 to 43.

Today's 8 a.m. Magic Valley temperatures: Twin Falls

Weather Bureau with 76 per cent humidity; T.F. Entomology Laboratory, 31, with 72 per cent; Jerome, 22; Rupert, 25; Buhl, 30; Castleford, 30; Fairfield, 14. Soil temperatures: Twin Falls Weather Bureau: Four-inch, 50-53; eight-inch, 45-41; 20-inch, 42-41; 36-inch, 43-43; Buhl, three-inch, 48-36; Castleford, three-inch, 46-36.

Weather Synopsis

The overall weather pattern over Southern Idaho and Eastern Oregon is expected to change little during the next several days. Skies will be fair most of the time, interrupted by brief periods of partial cloudiness as storm systems from the Pacific move around us to the north and east. Precipitation should be confined to the mountains north of the Salmon River and near the Eastern Idaho border.

Today will not be nearly so windy as yesterday. Speeds today will be generally less than 20 miles per hour, compared with gusts of 50 miles per hour or more in some places yesterday. Amode rate increase in winds is likely Thursday.

Temperatures will average a few degrees lower today with highs mostly from the mid 40s to the upper 50s. Lows tonight will range through the teens and 20s. Thursday will average 3 to 8 degrees warmer, but minor cooling is likely again Friday or Saturday.

All outside farm and construction activities should make

good progress where soil conditions permit. Soil temperatures wave warmed into the 40s and lower 50s in the Malheur, Southwest Idaho and Magic valleys, and considerable field preparation and early spring planting is in progress in those areas. Winds will be favorable for spraying and dusting during the morning and evening hours today. Low humidities and moderate winds during the afternoon will minimize smoke problems from burning of grass and weeds.

Yesterday was clear to partly cloudy over Southern Idaho and Eastern Oregon. A few showers and snow flurries fell in Eastern Idaho but the only measurable amount was .01 of an inch at Pocatello. A trace fell at Idaho Falls and Malad. Strong northerly winds brought 2 to 8 degrees cooling to all of this area, and afternoon highs were mostly in the lower 50s. Winds diminished during the night and skies cleared. Temperatures lowered rather sharply and most of the lows were in the teens and lower 20s.

Magic Valley Hospitals

Cassia Memorial
Admitted
Susan Hepworth, Steven Bray, Mrs. Robert Heaton, Lisa Boyce, Mrs. Dorothy Salmon, Holly Halouska, Mrs. Kirt Carlos, Don Thaxton, Art Ramsey, Catarina Gonzales, Brad Wahlstrom and Carl Leslie Sr., all Burley; Mrs. Marvin Cazier, Ronald Arnold, Mrs. Bill Escalle, Mrs. G. Dwayne Drussel and Valerie Clayton, all Rupert; Mrs. Larry Chambers and Melrose Burgess, both Paul, and Jennie Bailey, Albion.

Dismissed
Thomas Foster, Mrs. Donald McEwen, Guylin Hodge, Norman Hanks, Mrs. John Werner and daughter, Catherine Stiffler, Lisa Boyce, Mrs. Dean Winnett, Mrs. R. H. Daughters were born to Mr. and Mrs. Marvin Cazier and Mr. and Mrs. Bill Escalle, all Rupert, and Mr. and Mrs. Robert Heaton, Burley.

St. Benedict's
Admitted
Mrs. Frank Erwin, Hagerman; William Hopkins, Mrs. Joe Cooper, Amy Gunning and Robert Larson, all Jerome; Mrs. Joseph Rowland and Juan Leturiando, both Shoshone; Mrs. Craig Muchow, Gooding, and Mrs. Gilbert Sherill, Chico, Calif.

Dismissed
Mrs. Carl Cagle, Buhl; Hubert Evans, Hagerman; Eugene Kiser, Wendell, and Jami Crowson, Sun Valley.

Births
A son was born to Mr. and Mrs. Craig Muchow, Gooding. A daughter was born to Mr. and Mrs. Frank Erwin, Hagerman.

Annual South Idaho Chamber Fete Scheduled
The South Idaho Chamber of Commerce will hold its annual banquet at 7 p.m. Thursday at the Holiday Inn in Twin Falls. Business meetings, including election of officers, will precede the banquet.

James Willms, Gooding, president of the Associated Students, University of Idaho, and Scott McClure, Jerome, president of Idaho State University's student body, will be guest speakers. Master of ceremonies will be Bob Keegan, president of the College of Southern Idaho student body.

Alice Siren

Mrs. Alice E. Siren, 61, Route 1, Twin Falls, died of a long illness Monday evening at Twin Falls Clinic Hospital.

She was born March 10, 1909, in Roseland, Neb., and came to Idaho from Nebraska in 1933.

She was married to Gerald A. Siren on July 17, 1934. She was a registered nurse and had been employed at Twin Falls Clinic Hospital for 12 years. She was a lifetime member of the National Nurses Association and the PTA. She also belonged to the Immanuel Lutheran Church and the Country Women's Club.

Surviving, besides her husband, are two sons, Glen G. Siren, Nampa, and Dean E. Siren, Twin Falls; two daughters, Mrs. Harold (Beverly) Hawk, Boise, and Mrs. Harvey (Vivien) Lampe, Twin Falls; her mother, Mrs. P. Henry Ruhter, Buhl; two sisters, Mrs. E. E. (Frieda) Pegals, Adrian, Mich., and Mrs. Paul (Margery) Edwards, Seattle; two brothers, Marvin Ruhter, Twin Falls, and Virgil Ruhter, Buhl, and eight grandchildren.

Funeral services will be conducted at 2:30 p.m. Thursday at Immanuel Lutheran Church by Rev. Harold Iben. Final rites will be at Twin Falls Cemetery. Friends may call Wednesday and until noon Thursday at Twin Falls Cemetery.

Magic Valley Memorial

Admitted
Mrs. Ricky Allen, Mrs. Henry Clouser, Mrs. June L. Peterson, Ricky Felman and Victoria Anderson, all Twin Falls; Mrs. Orville Jones, Filer; David Fisher, Rhonda Smalley, Mrs. David Erickson and Phil Busman, all Buhl; Mrs. Calvin Jones and son and Mrs. Mac J. Brandon and son, all Paul; Mrs. Jon Fillmore, Albion, and Mrs. Larry Walker and son and Ben Dye, all Kimberly.

Births
A son was born to Mr. and Mrs. Henry Clouser, Twin Falls. A daughter was born to Mr. and Mrs. Ricky Allen, Twin Falls.

Gooding Memorial
Admitted
Jennie Cox, Fairfield; Rosalie Adams, Sandra Fuqua and Letha Dille, all Gooding.

Dismissed
Elmer DeWitt and Marcella Voss, both Gooding, and Ruth Stevens, Bliss.

Magic Valley Obituaries Seen . . .

Mr. Buhunin

GOODING—William (Tom) Buhunin, 57, died Monday at a Blackfoot hospital of a brief illness.

He was born June 10, 1912, in Lyman, Utah, and attended schools in the Salt Lake City area moving to Gooding in 1934. He worked for the late Ray Stephens and Frank Rost on the threshing machine operations. In 1936 he married Donna Lee. They later were divorced. Mr. Buhunin lived and worked most of his life in the Gooding area. In 1965 he moved to Pocatello where he lived until 1968 when he moved to California, returning to Idaho this year.

Survivors include two sons, Gene Buhunin, Halley, and Gary Buhunin, Alta Loma, Calif.; three daughters, Mrs. William (Lois) Gehrig, Pocatello; Mrs. Glen (Annell) Williamson, Eugene, Ore., and Mrs. Wilson (Rita) Pate, Roberts, Idaho; eight sisters and one brother and 10 grandchildren.

Funeral services will be conducted at 2 p.m. Thursday at Thompson chapel by Bishop Bobby Rogers. Final rites will be held in Elmwood Cemetery. Friends may call at the chapel Wednesday and Thursday until time of services.

Mr. Snoderly

BUHL—Harry M. Snoderly, 67, Butte City, near Arco, died Monday evening in a Pocatello Hospital of a long illness. He was a former Buhl area resident.

He was born Aug. 1, 1902, in Missouri, and moved with his parents as a child to Castleford. On Oct. 11, 1921, he married Bertha Richardson at Twin Falls. They lived in Castleford, where Mr. Snoderly was engaged in the seed and feed business, until 1932 when they moved to Buhl.

He operated a trucking company here. In 1949 they moved to Arco where he operated a bus company from Arco to the AEC site and a tavern at Butte City.

He belonged to the Arco Chamber of Commerce. Survivors include his widow; one son, Floyd Snoderly, Pocatello; one brother, Johnny Snoderly, McCall; three sisters, Mrs. Albert Kleinkopf, Buhl; Mrs. Grace Richardson, McCall, and Mrs. Oral Butler, Cudahy, Calif.; two grandchildren.

Funeral services will be conducted at 11 a.m. Saturday at the Arco Baptist Community church. Final rites will be held at 3:30 p.m. Saturday at the Buhl Cemetery under direction of the Marvel Funeral Home, Arco.

Still Critical

Damon Rutherford, 32, Twin Falls, injured Friday night in an auto-motorcycle at Blue Lakes Boulevard North and Caswell, remains in critical condition at Magic Valley Memorial Hospital.

Dennis Molyneux, 13, also Twin Falls, accidentally shot in the abdomen Saturday afternoon, is listed in good condition.

DEADLY LEFTOVER
LAON, France (UPI)—Four children were seriously burned when they opened a World War I mustard gas bomb they found in the woods near their home, police disclosed Tuesday.

Lois Warner

Lois Warner, wife of W. F. Tony Warner, 1330 Holly Drive, Twin Falls, died Tuesday at 8 p.m. in the Magic Valley Memorial Hospital after an illness.

2 T. F. Homes

Burglarized

Two houses in the north section of Twin Falls were burglarized Tuesday night, Twin Falls Police report, and in both cases entry was made through unlocked doors.

The Chris A. Jensen residence at 220 Taylor St., was entered between 6:45 and 9 p.m. About \$25 in change and small bills were taken.

Between 5:30 and 9:20 p.m. the home of Mrs. Grace Hanel, 216 Polk St., was entered and about \$3 in change, a lady's wristwatch and items from the refrigerator were taken.

Dick Wise preparing for fund raising dinner . . . Mrs. Charles Shepherd, Filer, discussing kindergarten openhouse . . . E. Koonce, Fairfield, discussing wildlife . . . Mrs. Alex Balles, Filer, playing games with group of small children . . . Mrs. Norman Wiseman talking about genetics and environment . . . Mrs. Martin Knip, Filer, carrying white paper sack . . . SISTER MARY ZITA, principal of St. Edward's School, demonstrates the new double-deck oven given the school to help feed 360 hungry youngsters. The oven, formerly in a California

Utah To Be Student Oriented

SALT LAKE CITY (UPI)—Utah's new superintendent of public education, Dr. Walter D. Talbot, plans to be "student oriented."

Talbot, American Fork, professor of education and chairman of the department of educational administration at Brigham Young University, was named late Saturday to the post.

He succeeds T.H. Bell, who has been appointed associate U.S. Commissioner of Education.

"Our schools exist for the education and training of the children of the state of Utah and I view this as a sacred trust," Talbot said.

Talbot, who served as Bell's deputy superintendent in charge of administration from 1963 to 1969, said, "I can support all the program initiated and approved by the board during the last seven years," but expects "to make a few trusts of my own."

"I believe the day of accountability in education is at hand. We must find ways of meeting the needs of all children who attend the public schools."

Indian Week

BOISE (UPI) — Gov. Don Samuelson today proclaimed the period from March 29 through April 4 as "Idaho American Indian Week."

Samuelson said that the American Indians of Idaho have contributed much to increase the richness of the national culture and much of the history of Idaho is the history of the American Indian.

The chief executive also pointed out that the American Indian Club on the campus of Boise State College known as "Dama Soghop" will sponsor various activities in conjunction with the Idaho Intertribal Indian Conference.

Feature Blood

NEW YORK (UPI)—A double feature at a 42nd Street theater features "The Vampire Beast Craves Blood," and "Curse of the Blood Ghouls."

Both pictures are rated G—general audiences.

"As educators, we must accept the responsibility that students shall not fail. We must understand their needs and prescribe programs which will expedite their learning and insure their success," Talbot said.

Kitchen Equipment Added At St. Edward's School

The hungry appetites of St. Edward's 360 school children are appeased much easier now, thanks to the generosity of a couple of men.

The school cooks struggling to feed the youngsters within the 40 minutes allowed for lunch, had used a small, residential-type range with a single tiny oven for several years.

Federal funds were not available in sufficient amounts to acquire a larger range or more ovens, Sister Mary Zita said, "so we had the youngsters pray for help and we started looking around."

Help came in the form of an unusual offer of a double-deck bakery oven, through the efforts of Reo Catellier, brother of Dr. Louis A. Catellier of Twin Falls. While visiting in California, Mr. Catellier arranged for the donation of the bakery oven by William Burk of Robert Stein Co., Los Angeles.

In addition, Mr. Catellier, who worked with a bakery concern, came to Twin Falls to oversee installation of the new equipment at St. Edward's, Sister Mary Zita said. "He brought all his tools and stayed in Twin Falls until it was com-

bakery, supplanted a small single-oven range used for many years by the school's cooks.

Reds In Cambodia Affect Vietnam War

Regardless of dangerous imponderables and Cambodia's pledge of continued neutrality, the rise of an anti-Communist government there must affect the course of the war in Vietnam, particularly in the vital Mekong River Delta.

Military experts long have said the war will be won or lost in the Delta.

And so long as Communist forces had their Cambodian sanctuary they had a direct and protected route into the delta's heart via the Mekong which is almost impossible to police.

Cambodia's new government under Gen. Lon Nol is pledged not only to oust 40,000 Viet Cong and North Vietnamese forces but to cut off their supplies as well.

Militarily it is doubtful if his 36,000-man army, with its hodge-podge of equipment from the United States, the Soviet Union, Red China and France, could hope to deal with the Communist squatters in any direct clash.

But he could deal them a heavy blow if he were to be

successful in cutting off food supplies, including vast stores of rice available to them under Sihanouk, and eliminating the port of Sihanoukville as a source supplementary to the Ho Chi Minh Trail of weapons and other war materiel.

Cambodia is for the Viet Cong and the North Vietnamese a matter of priorities.

If they decide to fight for it, then Cambodia becomes not a sanctuary but a battleground with attendant embarrassment to both the Soviet Union and Red China, both of whom are pledged to support Cambodian neutrality.

It also would mean a thinning out of their forces, would place the entire burden of supply on the Ho Chi Minh Trail for Laos, Cambodia and South Vietnam, and new economic burdens for Hanoi and Hanoi's chief suppliers, Moscow and Peking.

STOP AND GO

ROME (UPI) — Police watched green and red lights flashing in a window of an apartment for several days then raided the place Monday. They arrested three women on charges of prostitution.

Police said the women flashed the green light when they wanted visitors and the red light when they did not.

Mrs. Koontz Is PTA President

Mrs. John Koontz was elected president of the Bickel School PTA during voting Monday night.

Other officers elected were Mrs. Gayle Bennett, vice president; Mrs. LaVern Fuller, secretary, and Mrs. Larry McKay, treasurer. They will be installed at the April meeting.

Mrs. Tom Olmstead, budget and by-laws chairman, read the 1969-70 budget and proposed an amendment which will be voted on at the April meeting.

Mary Peterson, coordinator for Bickel School Scouts, introduced Girl Scout and Blue Bird groups which presented programs on ceremonial procedure and explained the merit and achievement awards.

Members of Girl Scout Troop No. 48 presented the flag.

Utah Gets Grant To Aid Migrants

WASHINGTON (UPI) — The Utah Migrant Council of Salt Lake City will receive a federal grant of \$250,000 to conduct day care, adult education and self-help housing programs for migrant farm workers in 12 Utah counties, the Office of Economic Opportunity announced Monday.

The 12 counties receiving the money are Washington, Box Elder, Cache, Weber, Davis, Utah, Salt Lake, Carbon, Sanpete, Sevier, Piute and Iron.

In the Carbon-14 method of dating, accuracy is within 1 to 10 per cent.

Idaho's Army, Air Guard Planning To Ease Restrictions

BOISE (UPI) — The Army and Air National Guard in Idaho are embarking on a program as of April 1 to attract a greater number of experienced servicemen, Maj. Gen. George B. Bennett, Idaho adjutant general, said Monday.

Long standing restrictions have been removed which will permit the enlistment of individuals with two years of active duty or anyone with combat duty for one year in the national guard.

What If Mr. Shriver Runs?

Anarchy, No!

The United States of America represents one of the noblest experiments in human history, the eternal effort to find the way to true democracy and freedom and to share power among equals as self-governors, directed by their elected representatives. For nearly two centuries, the experiment has thrived despite its human lapses and short-comings. It has survived revolution, slavery, civil war and world war.

Now, it stands as the most powerful nation in the world, dedicated to peace and freedom and the right of people everywhere to determine their own destinies. It has often been a Good Samaritan to those weaker and less fortunate, and those assailed by plunderers. This is a proud history, worthy of remembrance at a time when the freedom to dissent and to demand redress of grievances, some real, some fancied, some false, is being abused violently and maliciously.

Violence is being used by those who protest they love peace, and by others who boldly seek to bring to ruin this citadel of hope, of faith, of charity. They abuse the protection of its law and justice, on which they rely while preaching "Hate America!" and chanting the praises of Mao, who would like nothing better than to enslave them.

Violence is a two-edged blade which can destroy those who use it. It is a summons to anarchy and to tyranny. It must be stopped or freedom is lost.

America must struggle on to build a better world, to right the wrongs of the past insofar as humanly possible, but the wrongs of the present must be served first. Our debt is to the living. That is why America has been patient and long-suffering, even sympathetic with the young who decry past mistakes and belabor their country because this is and imperfect

world. They seem unaware of the paradoxes inherent in their misbehavior or of what they owe to their heritage.

They should read again our country's inspiring history and of man's efforts to govern himself throughout the ages. They should ponder the truth — that they have in fact, more freedom than they appreciate or realize.

Instead, fear stalks the land in the wake of spreading outrage and senseless crimes, terrorist bombings, arson, rioting, murder and self-destruction.

Citizens are aroused and they are taking steps to reinforce the law — not as armed vigilantes, although that will come unless our streets, our lives and property are not made safe. All over the country, groups are forming, such as CHEC, Citizens Helping Eliminate Crime; and they are serving as more eyes and ears for the police, joining in the "buddy system" to guard their shops, and in "block watchers" and "block parents" to protect their homes and families.

If the revolutionists hope to unnerve America by costly and disruptive bombings and bomb hoaxes, they are as wrong about that as they have been in killing policemen, blasting state and corporate buildings, and burning libraries.

It is yet, perhaps, to be proved that free men can govern themselves. There is ample proof that anarchists cannot and that stern repression menaces all freedom. But the United States is still working to prove that all men are entitled to life, liberty, and the pursuit of happiness, and it will still be doing it long after the New Left has been forgotten.

Its essential task now is to invoke unity, restore law and order, and promptly and resolutely put an end to wanton disregard of life and property.

vision. You're the type who would cast gloom in Mudville even before the Mighty Casey struck out."

To which Mr. Spectator replies, "That's a real attractive note, Doris, but Mr. Spectator has been a licensed pilot for 40 years. Still does his own piloting every chance he gets, still pilots many types of planes—and he still says that round plane never flew!"

VANDALS AT WORK

Word comes from the United States Forest Service—from Alex Smith, the assistant regional supervisor—that forest sites in the Intermountain Region were wrecked to the tune of \$220,445 in the fiscal year of 1969.

If this bit of information shocks you, consider that throughout the nation, during that same period, more than \$2 million worth of vandalism was inflicted on the forest's recreation sites.

Mr. Smith said that the damage in the Intermountain Region represents approximately 8 per cent of the total money allocated to maintain recreation developments in a fiscal year.

"Several new facilities could be developed each year with the money wasted by needless destruction of property," Mr. Smith wrote.

Camping and picnicking facilities were hardest hit. Directional and interpretive signs were also extensively damaged. Vandalism costs do not include those for cleaning up litter and garbage. Damage to forests in this area amounted to \$13,745.

Just think—if an individual had the "damage" money of over \$200,000 and put it in a bank, he would receive more than \$14,000 a year in interest!

WASHINGTON — Ambassador Sargent Shriver will be throwing a lot more fat into the fire than he may realize if, as latest portents indicate, he decides to run for the Democratic gubernatorial nomination in Maryland.

In that event, both political parties are likely to see other high-powered candidacies. As a consequence, Maryland's state and congressional election, instead of being a relatively placid affair, may turn out to be one of the most stormy and spectacular in the country.

Following are the reasons: Republican National Chairman Rogers Morton, who represents Maryland's first district in Congress, is having some new thoughts about running for the Senate.

Several months ago after a series of private polls Morton announced he would not oppose

liberal Democratic Senator Joseph Tydings, but would seek re-election to the House. Now, with the strong likelihood that Shriver's political ambitions will bitterly fractionalize Maryland Democrats, Morton is having another look at the Senate situation.

He is having a statewide poll made of the prospects of licking Tydings should Shriver's gubernatorial aspirations deeply splinter the Democrats.

Tydings, acutely aware of the menace to his own candidacy that a divisive race for governor by Shriver would mean, is very unhappy about that. Through mutual friends, Tydings has sought to dissuade the multi-millionaire Kennedy in-law from running. But so far there is no indication they got anywhere.

Also watchfully awaiting Shriver's next move is Dale Anderson, Maryland

Democratic national committeeman and executive of Baltimore County. That's the job held by Vice President Spiro Agnew before he was elected governor in 1966—to go on to become President. Nixon's running mate two years later.

A conservative, Anderson has close personal and political ties with important Democratic leaders throughout the state. In these circles he is credited as "controlling" George Mahoney, wealthy contractor who has made a number of unsuccessful campaigns for both governor and senator. Mahoney has already announced he will oppose Democratic Governor Marvin Mandel.

The inside word is that if Shriver enters the Democratic primary, Mahoney will bow out and Anderson, far more potent politically, will become the third contender—on the theory that with two liberals in the

field, Anderson, a conservative, would have an excellent chance to emerge the winner. That's what happened in 1966 when Mahoney took the Democratic nomination from two strong liberals. His victory in turned to Agnew's election as governor when thousands of Democrats bolted Mahoney.

Anderson is no Mahoney—who has always been an outsider as far as Maryland's Democratic establishment is concerned. Not only is Anderson one of its top leaders, but he wouldn't be a "shopworn" candidate in the sense that Mahoney is. Although widely known throughout the state, he

has never run for state office. Also, Anderson's candidacy would have strong appeal to the considerable Wallace element in Maryland. In 1968, the Alabama got a big vote there—particularly on the Eastern shore and in rural counties. In the November election there might be some liberal Democratic defections, but not to the decisive extent that happened four years ago.

Both nationally and in Maryland, the political situation this year is far different than it was then. Shriver should have no illusions about what he is getting into if he does run.

GEORGE C. THOSTESON, M.D.

German Measles

Dear Dr. Thosteson: I am 26 and have one normal child. I have recently been given the rubella (German measles) vaccine.

The brochure put out by the drug company said pregnancy should be avoided for three months following the vaccination; in a newspaper article a doctor said six months, as it is not known exactly how long the virus stays in the body.

I would like another child soon but want to make sure it will be a normal baby.

Also how long can I expect immunity to last from the vaccine? Will I be safe for the rest of my child-bearing years?

— Mrs. J.B. "Ideally, women of child-bearing age should first be tested to see whether they already have had German measles. If they have, they don't need the vaccine. Tests show that as high as 80 percent already have had the disease.

Therefore the general policy recommended by public health authorities is to use the vaccine for children, to prevent widespread epidemics from starting. That's the most effective way of stamping out such a disease, just as it was with polio. If you can prevent epidemics, even those people who have not been vaccinated are much safer than they used to be.

Because the virus in the vaccine can, for a limited time, damage a fetus in early pregnancy, the recommendation is that pregnancy be carefully avoided for a minimum of two months after vaccination; I suggest four to six months, providing an added margin of safety, as the risk isn't one that abruptly disappears after some particular interval. It's a gradual matter and possibly varies from person to person.

As to the duration of immunity, a case of German measles usually produces lifelong immunity. Studies so far indicate that vaccination produces long-term protection, but whether it is lifelong cannot be determined until enough time has passed for continued testing.

The probability, however, is that it will continue through child-bearing years.

Dear Dr. Thosteson: I have arthritis of the hip and have been told that brewer's yeast would be helpful. Could you say something in regard to this? — M.F.S.

I can't see why brewer's yeast

would do any good at all — for the arthritis. There are more home remedies for arthritis than there are recipes for mince pie. Most of them are just notions.

Arthritis sufferers can be helped. Dr. Thosteson's booklet discusses many types of arthritis and related joint diseases as well as outlining effective treatments and medications. For a copy of "How You Can Control Arthritis" write to Dr. Thosteson in care of this newspaper enclosing 35 cents in coin and a long, self-addressed, stamped envelope.

Dear Dr. Thosteson: My physical education teacher makes us do 50 sit-ups in two minutes. Another girl holds our feet and we have to touch our knees with our elbows.

My uncle is a football coach and says this is dangerous for our stomach muscles and we should start with two a day and add more, until 50, but not start all at once. I am 11.—S.M.

I would hardly use the word "dangerous," but too vigorous muscular activity of any sort is likely to make muscles sore and achy.

I'd very much recommend starting gradually, just to avoid the aches, just as I take it for granted that your uncle, the coach, has his players get into condition gradually.

However, I gather that you have done the 50 sit-ups without harm. More power to you. At my age I don't think I could get my elbows to my knees even once.

Dear Dr. Thosteson: If a person has high cholesterol, will he also have high blood pressure?—L.S.

—Not necessarily. There is no direct relationship. The emphasis on cholesterol stems from the suspicion that a high cholesterol level is one factor (although not the only one) in hardening of the arteries.

As arteries harden, blood pressure can be expected to rise but that is a secondary not a primary result of cholesterol. Although cholesterol has been implicated in heart attacks and other circulatory troubles, it is nevertheless vital to human life.

For this reason, Dr. Thosteson has entitled his booklet, "Control Your Cholesterol Sensibly." For a copy write to him in care of this newspaper, enclosing 25 cents in coin and a long, self-addressed, stamped envelope.

MR. SPECTATOR

Round Plane Again!

My goodness—did Mr. Spectator get his ears boxed!

Recently, you will remember, we ran a brief explanation of a "round" airplane that is sitting over at the side of the Jerome airport. We had done a feature story on it some time prior to this year and we couldn't remember the name of the fellow—or fellows—who built it. We did say, however, that it never really flew.

Well, we received a note from Doris M. McCarty, who gives the address of the Tinsley Court in Burley. She wrote:

"In your recent Mr. Spectator column you mentioned the 'round' airplane at the Jerome Airport. You said it was built but never flew. It was home-made by some fellow but we have forgotten his name—Believe me it was never a plane."

"What do you mean, never flew? Of course it flew. It flew up and it flew down. The altitude reached was approximately 200 feet. That's up there, isn't it? Didn't six bald eagles quit the territory when they saw it flying? Didn't all the flying saucers head in panic for Mars or Saturn or some less advanced planet?"

"So it wasn't a plane. Well, what in blazes was it—an airborne octopus with its legs folded under?"

"By the way, you mentioned 'homemade' you seem to cast a shadow on this old esteemed method. Weren't you and I, and presumably most of our friends, homemade? Or were you turned out in a people factory?"

The fellow's name you have forgotten is Elmer Kennison. He designed and built that round plane for himself, by himself and the devil take the critics.

"Never flew — wasn't a plane. Oh you of little faith and no

ANDREW TULLY

It Is Like This

NEW YORK — It is like this in Johnny Lindsay's Fun City: You can get a table at "21" without knowing anybody, and you can go to sleep to the thundering rhapsodies of bomb explosions a block or two from your hotel.

In a town whose mood is mostly gray, the New Yorker's hard-bitten sense of humor survives. The visitor who noted no had been awakened by a bomb blast in a midtown building at 1:30 in the morning was asked what he was doing in bed so early.

The crack came under the heading of carrying on bravely. Most New Yorkers at least go home earlier these nights which explains why "21" has tables even for the faceless. Only the rich with limousines waiting outside, can tarry in the night clubs and boites with the assurance they'll get home safely. Most cab drivers knock off before midnight. ("I wanna wake up alive tomorrow.")

New York is a Balkan state, circa 1914, except that the bombs are planted rather than thrown. Everybody, it seems, is joining in the fun. During one 24-hour period, the city was coping with bomb threats at the rate of one every six minutes. Sirens wail in the nearby streets as Mayor Lindsay denounces the cowardice of the bombers and promises to use all the "law and order" he once politically despised to bring the miscreants to justice.

Although black is still beautiful in the corridors of what passes for statesmanship here, Lindsay and "Police Commissioner Howard Leary even admit there are grounds for suspecting that militant Negro groups such as the Black Panthers are involved in the violence. For such heresy, six months ago, they'd have been dropped from their club.

But Lindsay remains true to his whimpering image in discussing how to combat this new menace. It's all the fault of

Richard Nixon as the fall guy for the bombings. It's a wonder he hasn't charged Atty. Gen. Mitchell with permissiveness.

Perhaps it is unfair to speak harshly of the stylish mayor. New York is a dirty shirt town in which the citizen has a choice of being choked by a mugger or by smog. Its public transportation is in a state of chaos and, underground, a jungle of violence. While officialdom stood smugly by, the telephone company put the suspense back into a call to a pal across the street.

ART BUCHWALD

Then Shakespeare

WASHINGTON — Now that the best minds in the Western World have "improved" the Bible in the most modern edition, which is called "The New English Bible" (the new 23rd Psalm begins, "The Lord is my shepherd, I shall want nothing. He makes me lie down in green pastures and leads me beside the waters of peace; He renews life within me and for his name's sake guides me in the right path . . ."), it has been decided to update Shakespeare and make him easier for people to understand.

With this goal in mind and using "The New English Bible" as our inspiration, a group of us has already managed to update some of Hamlet's soliloquy.

"To be or not to be" will soon read as follows:

Should I or shouldn't I? That is the question. I don't know whether it would be better for me to take a lot of guff and that sort of thing or to fight back against all this trouble I've been having.

Maybe I should drop dead, and sleep; that's all. And by sleeping hope to end all this emotional conflict that

the Federal and state governments, he tells reporters. He calls on the Justice Department for forthwith legislation regulating manufacture and sale of explosives.

Lindsay already had blamed Washington and Albany for the city's crushing welfare burden, its over-all financial woes, its monstrous traffic problem, its crime wave and its smog. He'll borrow money from any innocent bystander he can corner to finance an occasional trash collection and a quick once-over-lightly brush job on the streets. Naturally, then, he tags

everyone goes through; boy wouldn't that be a solution? If you could just cop out, close your eyes and sleep. And maybe have a few good dreams. But that's the trouble.

If you're dead, who knows what kind of bad trips you're going to have leaving the station? It sure gives you something to think about.

You have to show some respect; if you don't you could be in for real trouble.

That's as far as we got with Hamlet. But we have also been working on "Romeo and Juliet."

So far it goes like this: JULIET (on balcony to herself): Oh Romeo, Romeo. Where are you Romeo? Why don't you change your name? Or if you can't do it, I'll work it out some way so I won't be known as a Capulet.

ROMEO (underneath balcony to himself): I wonder if I should stick around and listen to what she's saying, or speak up and jawbone with her.

JULIET: The only thing I hold against you, Romeo, is your name. Personally I like you for yourself, and not because you're a Montague.

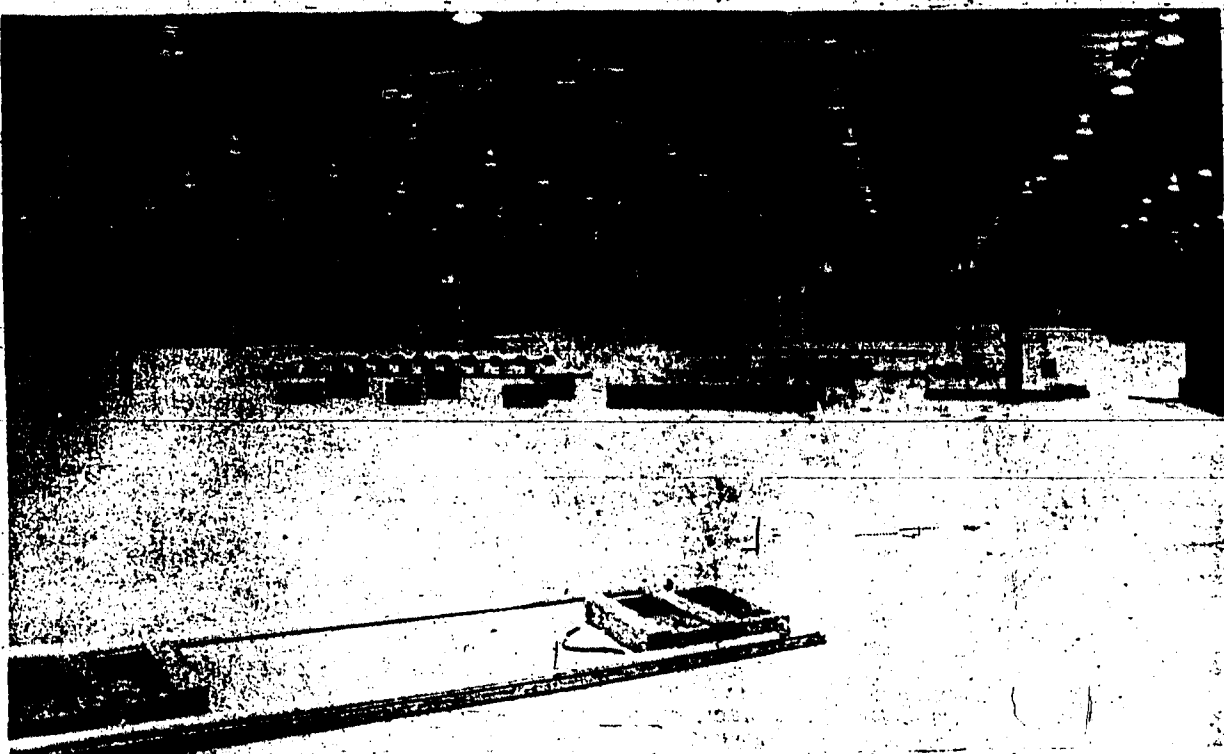

BERRY'S WORLD

"The tanned ones are Nixon's 'key' advisers—they're the ones who go with him to KEY Biscayne!"

THE LONGVIEW FIBRE Co. plant at the southwestern outskirts of Twin Falls is the newest addition to one of the city's main industrial areas. This view of the huge plant was taken from atop a silo at the Idaho Cement Co. looking toward the east.

VAST EXPANSES OF open space in the Longview Fibre Co. plant in Twin Falls await the arrival of huge pieces of equipment to be used in the manufacture of boxes. Equipment has begun arriving and should be in place by June 1. Cost of the plant and equipment is listed at nearly \$3 million. The plant will employ about 25 or 30 factory workers and about 10 office workers and salesmen. Contractor for the building is Gilbert H. Moen Construction Co. of Yakima, Wash.

LENTEN GUIDEPOSTS **At Greenland Base, The Rabbi Was A Christian**

By LT. COL. ROBERT T. HOLT

Fifteen minutes after our Globemaster landed, Thule Airfield was locked up tight in winds in excess of 100 miles per hour, visibility zero, temperature 30 below.

Snow whipped in from the 5,000-foot-high Greenland ice cap. Noon darkness blanketed the tundra wasteland.

It was by far the most desolate spot I had ever set foot on during my Air Force career.

I had just checked in at the base legal office where I would work, when a bulky parka-clad figure waddled into the Information Services Office next door. Over a cup of coffee Bill Meyer and I got acquainted.

Bill was the non-commissioned officer in charge of public information. "I am also," he said, "through the bounty of the Jewish Welfare Board, by the grace of God and a year in the Jewish Theological Seminary, the acting rabbi of the Thule Congregation."

Bill invited me to join them for Shabbos services that night. My father's people were Cherokee Indians, and my own religious upbringing had been thoroughly Christian. I hesitated—then I agreed to go. "Who knows," Bill said as he left me, "you might even help us make a minyan."

What's a minyan? I wondered. That night I discovered it was a religious quorum (10 adult male Jews), the minimum necessary to conduct a proper sabbath service. Neither Bill Meyer nor the others there seemed to realize that I wasn't Jewish, and it didn't occur to me to mention it.

That Friday evening I left the services warmed by the singing and the prayers, soothed by the melody of the Hebrew psalms. Even though I didn't understand a word, the dignity and power of those ancient phrases lifted my soul.

Somewhat out of curiosity, but also from a sincere desire to learn something of this religion, I attended regularly thereafter.

I studied my Siddur and the literature on Jewish chaplaincy, and soon attained at least a speaking acquaintance with the Torah.

According to the record, Thule had a Jewish population of 40 but actually we had 11 participating Jews and one Protestant American Indian—myself. What's more Bill and three of the boys were soon to leave, having finished their long 12 months tour of duty.

Shortly thereafter, however, the first contingent of summer troops arrived. It included five Jewish airmen. For a while there was no trouble having a minyan, or even a rabbi or cantor. Deferring to me as the ranking member of the congregation, the others asked me to assign men their turns for conducting weekly services.

Summer passed, the troops thinned out. A few sabbaths after Yom Kippur, with only 12 men present, counting myself, I suggested that each man try to bring someone to the next service.

"Captain," said one of the soldiers, "we don't have any more Jewish boys in my battery. Should I bring a Christian? I remember my father saying that sometimes in the old country they asked a non-Jew to come when they only needed one to make a minyan. Something in the Talmud is supposed to allow it."

"Well," I said, laughing, "I'm not a Jew, you know."

The boys looked at me with polite half-smiles.

"The rabbi not a Jew?" cracked one of them. "And I suppose the Pope isn't Catholic."

I saw that he was serious. In our informality, doctrinal matters were seldom discussed. I had taken it for granted that everyone knew I was not Jewish and thought they called me "rabbi" for fun.

I looked about me and realized that I was the odd-timer. When these, my friends, had come to their first Shabbos meeting at the air base, it was I who had welcomed them, introduced them to the rest of the group. I had listened to their gripes, advised them on moral, ethical and legal problems. I had helped prepare their services, had worshiped with them, passed out the kiddush cups, relaxed with them afterward in warm fellowship.

"WHERE THIRTY THOUSANDS SHOP"

SOME EXTRA TALENT, including this St. Bernard dog, has been captured by the College of Southern Idaho to play in its forthcoming production of "Camelot." The dog joins his master, "King Pellinore," in roaming the world searching for dragons to

slay. Playing this role is Cody Huft, at right. Steve Johnson portrays "King Arthur" in the initial musical-drama production by CSI. The show will play two nights, March 28 and 29, both at 8 p.m. at the CSI Fine Arts Center. Tickets will be available at the door.

Mayor To Designate April As Beautification Month In T.F.

The entire month of April will be declared beautification month in Twin Falls and all organizations and individuals will be urged to participate in a month-long campaign to make Twin Falls a cleaner and more attractive community.

City Manager Jean Milar said Tuesday the mayor will issue a proclamation at the next city meeting declaring April as beautification month.

Weather conditions in March are generally not favorable to cleaning of yards, garages and houses, but by April residents should have an opportunity to begin clearing away the winter accumulation of trash, weeds and debris, he said.

City cooperation and participation is pledged, Mr. Milar said, by the cleaning and beautification of all city parks

and property.

In addition, the week of about April 20 will be set aside for all street department equipment and manpower to assist in the pickup of trash, leaves, weeds and tree prunings. This will give residents an opportunity to get rid of accumulated trash and junk without having to make a trip to the sanitary land fill as city dump trucks will make the collections and carry the trash to the landfill.

Pickups will be made either through the alley or street route wherever regular garbage and trash pickups are made.

Mr. Milar said he hopes to gain cooperation from service and civic organizations and special recognition will be given those donating the most man hours although details of the campaign are still being worked

Catholics Now Hear Christ Was Crucified Between "Insurgents"

WASHINGTON (UPI)—Many Roman Catholics who went to mass on Palm Sunday were surprised to hear that, according to the Gospel, Christ was crucified between two "insurgents."

The previous term had been "bandits."

A new order of the mass was introduced at most Catholic churches in the United States Sunday. According to this order, priests could select one of two versions of scripture.

One is the new Jerusalem Bible, in which Chapter 14 of the Gospel According to St. Mark was translated to read that Christ was crucified between two "robbers."

The other is the revised Confraternity of Christian Doctrine, which is the new American version of the Lectionary for the Mass. According to this version, Christ was crucified between two "insurgents."

Willy Brandt Cheered On Way To Historic Meeting

The people of East Germany's ancient cathedral city of Erfurt wish West German Chancellor Willy Brandt well.

On the day before his arrival for his historic meeting with East German Premier Willi Stoph, the stores suddenly were filled with bananas, oranges and tomatoes.

But there was more to it than that in the cheers that went up for Brandt from the crowd that surged through barriers as he and the East German premier walked across the square separating Erfurt's refurbished railroad station and the hotel where the meeting took place.

Sensitive both to the celibacy of his mission and to the touchy nerves of the East German regime, Brandt asked West German newspapers to play down the enthusiasm of his greeting behind the Iron Curtain.

Brandt has hooked his star to the success of his far-flung efforts in Moscow, Warsaw and finally in East Germany to reduce the tensions that have divided Europe for most of 30 years.

His meeting with Stoph, a one-time bricklayer who rose to army general and finally to a position of power just behind Walter Ulbricht, the East German Communist leader, was the first such at summit level since the division of Germany.

When it was over both men termed it "useful" and Ulbricht unhesitant enough to declare himself "optimistic." Brandt and Stoph will meet again, this

time in West Germany, on May 21. For Brandt, the footwork ahead will be hazardous. Polls have shown that something like

80 per cent of the West Germans support his efforts. But too many concessions to the Communists could give him trouble in his own Bundestag.

THE I.D. STORE

CHILD DEVELOPMENT CENTER being constructed on Harrison Street is one of several building projects now under way in that section of Twin Falls. The building, expected to be complete in June, will house comprehensive programs for the training of mentally handicapped youngsters and young adults. Programs presently are operating in the old nurses home. This facility will be retained after completion of the new project. Volunteers to work with young adults in task oriented programs are now needed. Anyone interested may call Paul Burnett, director, at 734-2235. This

view of the building, which is closely situated to the College of Southern Idaho campus, is from the south. Construction features a multi-domed effect and the building is complemented by strips of copper between the roof line and outside walls. The Child Development Center is administered by the State Department of Health and facilities at the local center are available to residents from the entire state. The new facility in Twin Falls is one of three in the state which is being financed by a combination of local, state and federal funds. Cost of the local structure is \$176,000.

Dusty, Windy Hillside Scene Of Potato Dump

KUNA, Idaho (UPI)—Price-frustrated farmers dumped an estimated two million pounds of potatoes on a dusty, wind swept hillside four miles south of here today and set fire to a token number.

Traveling in more than 80 cars, trucks and pickups they drove a dusty road to the Ellis Eshelman farm to scatter the field-run spuds along the 200-yard long, 30-foot wide strip of ground in piles as high as three feet.

Then they added straw, some wood and a pickup truck load of old car and truck tires, doused the mounds with diesel fuel and set them ablaze.

Black smoke swirled upward from the burning straw, tires and potatoes and was swept out across the sagebrush by a chilly 15 mile per hour wind.

Then the farmers began their long caravan home — many of them more than 300 miles across the state to eastern Idaho where their trek to emphasize low potato prices paid farmers began on Monday.

"We'd like to get back to farming again," said Harold Cavener, Paul, Idaho, one of those who participated in the caravan, said as a pile of spuds went up in smoke.

"We don't feel this is as much something for ourselves as for the farmer in the whole county," he said.

"We feel the marketing structure should be changed so we won't have to go through this again."

"In fact a lot of us won't be able to go through this again financially. A lot of us can't get finance this spring unless we can sell the crops on hand."

Cavener was one of the relative newcomers to the potato growing industry, represented at the National Farmer Organization sponsored burn. He came to Idaho as a potato home-

stead from a good-paying power company job in Alaska 14 years ago.

This was the fifth potato bake in southern Idaho in the past three weeks and it brought to 12 million pounds the amount of spuds NFO members have dumped or burned in protest

Pat Nixon Looks For

WASHINGTON (UPI) — like many American housewives, Pat Nixon hasn't picked out her Easter outfit yet.

The First Lady was guest of honor at a luncheon Tuesday by the League of Republican Women of the District of Columbia. She wore last year's Easter outfit to the fashion show following.

Mrs. Nixon went shopping in New York two weeks ago and bought several outfits but hasn't decided which one she will wear Sunday.

against the prices they are paid for their products.
It was the first to be conducted in southwestern Idaho.
The action began Monday with a 130 vehicle caravan to the Capital city from eastern and central Idaho. After rallies at the state house and a parade through the city Monday afternoon, the farmers converged on the office of Gov. Don Samuelson and threatened political reprisal for not assisting them.

Daytona Is Bracing For Easter

DAYTONA BEACH, Fla. (UPI)—The spring invasion has begun and by the end of the week more than 150,000 biked and sweatshirted students are expected to hit Florida's beaches.

The main thrust of the vacation offensive, as usual, is Fort Lauderdale and Daytona Beach. Daytona Beach police say about 40,000 youngsters have appeared in the area so far with 60,000 more on their way.

In Fort Lauderdale, officers said there were about 8,000 so far with a total of about 20,000 expected by the weekend. "It could go as high as 40,000, but we don't anticipate it with the trend the way it is now," a spokesman said.

The mail strike has upped traffic at the state's telegraph offices with early-arriving spenders wiring their parents for money, a chore that used to be done by mail.

Three Are Held In Sandpoint

SANDPOINT, Idaho (UPI) — Three men believed from Oregon were in the Bonner County Jail here Tuesday in connection with the burglary of a local sporting goods store that resulted in the death of the proprietor.

The three men were arrested early Tuesday in or near the Pend Oreille sports shop, which was burglarized of a large quantity of weapons and ammunition Feb. 8 during a fire at the town's IGA Store.

The latest burglary attempt was foiled when local officers spotted the burglary in progress and called in help from county sheriff's deputies and the Idaho State Police.

Cuba Will Accept Air Rules

UNITED NATIONS (UPI)—A ranking Cuban minister said Tuesday his government will accept only bilateral agreements on aircraft hijacking and is considering an indirect approach from the United States for such a pact.

Carlos Rafael Rodriguez, minister without portfolio in Fidel Castro's Cabinet, made the disclosure at a luncheon of the U.N. Correspondents Association.

Discussing hijacking, in which most aircraft illegally seized in the Western Hemisphere have been diverted to Havana, he said:

"We will not accept international agreements but only bilateral agreements in which reciprocity is established. We are willing to enter bilateral agreements with any government that wishes to do so."

"Something of the sort is going on for a bilateral agreement (with the United States). We are giving due consideration and at the proper time the Cuban government will announce its position."

Rodriguez said negotiations were being handled "not directly, but through the proper diplomatic channels." Switzerland represents U.S. diplomatic interests in Havana.

Restrictions Put On Travel

VIENNA (UPI)—The Czechoslovak government announced new restrictions on travel to the West Tuesday, the news agency CTK reported from Prague.

Czechoslovaks will be allowed to visit only close relatives in the West once a year and at an invitation verified by the authorities.

Individual tourist trips to the West are open only to Czechoslovaks who have not visited a Western country for the past three years.

were arrested in an early-morning attempt to take over the administration building at the school. A third demonstration took the form of a peaceful march on the home of the Chancellor. (UPI telephoto)

Union Leaders To Talk For Pay Raises Only

WASHINGTON (UPI)—Presidents of six of the seven national postal unions said after meeting with AFL-CIO President George Meany Tuesday that in negotiations with the government they would discuss only a pay raise for members, and not postal reform.

The heads of the six unions affiliated with the AFL-CIO met with Meany and other AFL-CIO officers at the federation's headquarters. Meany

later issued a statement for them.

"In the negotiations with the administration and in lobbying efforts in Congress, they will only discuss an immediate pay raise measure," he said. "They will refuse to combine any sort of postal reform measure with a pay raise bill."

"They are separate and distinct measures and should be so treated. This position has the full support of the AFL-CIO."

NEW MIRACLE PLASTIC ENDS FALSE TEETH MISERY

Read how natural suction principle does away with loose, uncomfortable dentures.

New amazing DENTURITE works on a natural suction principle to form a perfect vacuum seal. Holds uppers and lowers securely in place without sticky, messy powders, pastes, cushions or pads. Helps prevent sore, irritated gums.

Eat anything — corn, apples, nuts.

DENTURITE allows you to eat even "Hard-To-Eat" foods with comfort and assurance. Steak, corn-on-the-cob and apples are no longer problem foods. And DENTURITE prevents food particles and seeds from slipping under plates. DENTURITE isn't affected by hot or cold foods and liquids.

False teeth fit beautifully.

Laugh...talk...and even sneeze without fear of embarrassment. DENTURITE lets you speak more clearly. Look and feel younger because false teeth fit beautifully.

The modern way to make dentures feel natural.

DENTURITE is a modern easy-to-use dental plastic that sets in five minutes. Scientifically designed to form a cushion of comfort.

Save money on everyday pastes and powders.

Why bother with costly adhesives which must be used once or more daily. DENTURITE lasts months. Long-lasting, comfortable and pliable yet peels out if replacement is needed. Easy to clean...sucking and scrubbing won't affect DENTURITE. Easy to use...tasteless, odorless, harmless, to you and your plates. DENTURITE ends your false teeth misery!

At your drug counter.

Satisfaction guaranteed, or your money back!

Services

NEW YORK (UPI)—Funeral services will be held Wednesday for James R. Schule, executive vice president of Batten, Barton, Durstine & Osborn, Inc.

Schule, who joined the advertising agency in 1957 after serving with the law firm of Boal, McQuade and Fitzpatrick, died suddenly Sunday at the age of 50.

LICENSES DUE
BOISE (UPI)—The director of the Occupational License Bureau of the Department of Law Enforcement has told those engaged in the cosmetology field that licenses must be renewed by April 1.

Adult's Habits Not Good Example To Youngsters

The National Institute of Mental Health has distributed a poster. Pictured is a half-empty coffee cup, cigarettes mashed in an ashtray, cocktail glasses with remnants of alcohol, and numerous pill bottles—some open and on their sides—with pep pills, sedatives and time release capsules strewn on a table. The printing at the bottom is "Ever wonder why your kid doesn't take you seriously when you lecture him about drugs?"

The implication is clear. Adults think nothing of drinking, smoking, popping pills, yet they become uptight when their children smoke pot or ingest the same benzedrine tablets they do.

Because of the ready availability of pills to give you every conceivable type high or low, UPI has compiled a condensed guide to "ups" and "downs"—pills to pick you up and pills to slow you down.

This is a pill-popping society. Some experts go so far as to trace youthful drug abuse to parents who drink, smoke, slug down pills to put them to sleep, then some to wake them up again. It is becoming an increasingly serious problem. These pills are easy to get and easy to take and they're more socially acceptable than shooting heroin or even smoking pot.

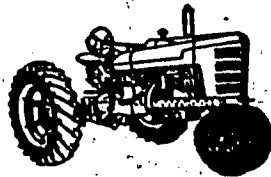

Hippies warn that "Speed kills." Speed is slang for various kinds of amphetamines—"ups"—including benzedrine and dexedrine but it most commonly denotes methedrine. Users feel "ups" sharpen their

physical and mental reactions, and many doctors prescribe them for patients on diets. They depress appetites and keep the user active so he burns calories. However, "ups" taken excessively over a long period may bring delusions and hallucinations. When a person is "up" on Speed his body runs down, he becomes susceptible to disease, and doctors believe chronic use leads to schizophrenia. Although amphetamines are not considered physically addictive, they create tolerance requiring increasingly larger doses, leading further to psychological dependence.

Considered as dangerous are the barbiturates, the "downs" in the "ups" and "downs" genre. They are used by doctors as tranquilizers or sedatives and are the drugs most often found in the family medicine chest. Some young

people take barbiturates to counter the effects of accidental overdoses of hallucinogens, but after an immediate feeling of relaxation, barbiturates produce mental and physical lassitude, slurred speech, loss of coordination, and, in some cases, coma. Because the body's tolerance level for these "downs" increases rapidly, constantly increasing doses are necessary to maintain the desired effect. Thus they can create heavy physical dependency as well as a psychological dependence and definite organic damage. With-

Penny Campaign Begun By Aide

GOODING — Mrs. Mary Brooks, director of the mint, plans to launch a nationwide penny campaign, she announced at a banquet here Tuesday night at the Lincoln Inn attended by some 150 persons.

Addressing the annual Chamber of Commerce and Business and Professional Women's Banquet, the official

said, "I believe this is one way the people can answer President Nixon's call for reduction of government spending and elimination of wasteful duplication of efforts in government."

Severt Swenson Jr., was master of ceremonies and invocation was given by Rev. Gordon Watson, Southern Baptist minister. Guests were greeted by Councilman Earl Greenawalt substituting for Mayor Harley Crippen who is hospitalized in Boise.

Mrs. Brooks said 72 per cent of all coins made at the three mints are pennies and that 5.5 billion pennies were made this last year.

"There is no shortage of pennies," she said. "They are all in people's closets, their cookie jars and piggy banks." The director added that in the last 25 years there have been 50 billion pennies distributed and "they don't wear out."

"If the taxpayers would bring these forgotten pennies out of hiding and either turn them into their banks or give them to their favorite charities, it would be one way they could help cut down on government waste."

Mrs. Brooks is making her appeal to a variety of service organizations, clubs to banks and to the Federal Reserve system to keep the billions of already-existing pennies moving.

Chamber At Gooding Hires Aide

GOODING — Rev. Gordon D. Watson, minister of the Gooding First Southern Baptist Church, has been hired as secretary of the Gooding Chamber of Commerce.

Rev. Watson will assume his new duties on April 1, replacing Rev. Robert Slagel, who resigned to become an operator of Green Acres Terrace Nursing Home in Gooding.

Jaycees At Gooding Elect Reed

GOODING — Mike Reed was elected president of the Gooding Jaycees in the annual election meeting held Tuesday night.

Named to serve with him were Dave Metzger, internal vice president; Monty Baker, external vice president; Gilbert Schmidt, secretary; Steve Stanley, treasurer; Bob Schelski, director; and Gary Adams, state director.

New officers will be installed in a banquet to be held March 31 with both Jaycee and Jaycette officers installed. Ray Hansen, Nampa, past state Jaycee president and now chairman of the state board of directors, will be featured speaker and will install Jaycees. Dale Nebeker, Burley, district eight vice president, will be master of ceremonies and Dixie Meeker, district Jaycette vice president will install women officers.

Mrs. Darrel Parker presented her kindergarten class in an exhibition of physical fitness, showing balance and coordination.

Finnish Girl Talks To Group

Arja Makela, exchange student from Lahti, Finland, who is attending school at Hansen, spoke on her native land at a meeting of the Retired Teachers Association district 4 meeting at the Rogerson Hotel Roundup room.

Rev. Robert Harvey, Twin Falls, sang two solos. He was introduced by Mrs. Fawn Nelson, Kimberly, who also introduced Mrs. Everett Norris, Hansen, foster mother to Miss Makela.

Ruth Edmunds, Twin Falls, was welcomed as a new member. Elsie Lindgren, Twin Falls, reported for the legislative committee.

Nominees for 1970-71 slate of officers are Edith Nancolas, Jerome, president; Alfred Reickers, Hollister, vice president; Ruth Van Slyke, Twin Falls, secretary, and Mrs. Ellen Brose, Twin Falls, treasurer.

Mrs. Bertha Maxwell, Twin Falls, was chairman of the nominating committee. She also reported a training course in defensive driving will be held in Salt Lake City in April and classes will then be given locally after the Utah course.

A state meeting was reported for June 2 in Twin Falls with Cecilia O'Neil, national president, as speaker. Miss Lindgren will be toastmistress.

Appointed

BUHL — Mildred J. Schmeckpeper, 216 12th Ave. N., Buhl, has been appointed a district representative for Lutheran Mutual Life Insurance Co. in this area. He will be a member of the Lester L. Reinke Agency, Nampa.

He has just returned from Waverly where he attended a week-long insurance school.

Two business firms in the Burley area were still closed Wednesday as a result of winds which reached peaks of 62 miles per hour in the Burley area, lifting roofs and downing power lines.

Officials of the Pacific Coop Fertilizer Plant at Heyburn and the Wendell Sawmill, also Heyburn, said their plants would be shut down again Wednesday because of damaged power lines.

About 250 feet of roofing blew from the new storage plant of the Simplot Co. in Heyburn during the storm's peak.

Officials found it necessary to Cotterel port of entry and Cotterel port of entry and Snowville, Utah, at 10:15 a.m.

Tuesday. During that time State Police vehicles piloted cars through the area, but most traffic was detoured through Pocatello to avoid the dust area.

Many vehicles waited out the closure at the parking and rest area at Cotterel. State Patrolman Bob Brown said five traffic accidents were investigated during the storm in the general area but there were no serious injuries.

FAA officials in Burley measured winds at 62 miles per hour, but the airport remained open throughout the day.

Trees were downed in the Burley and Rupert areas and portions of roofs from homes were also removed. A 100-foot section of sprinkler irrigation pipe was blown into the road south of Burley. Officers also closed State Highway 27 between Burley and Oakley at 4:30 p.m. Tuesday due to dust and downed trees.

Hugo Dalsoglio, vice president in charge of the Heyburn plant of Simplot Co., said there were no injuries when the cold storage warehouse roof was torn away.

He praised the Heyburn City Electric crews, saying power was restored for the 8 a.m. shift Wednesday. Two Tuesday shifts missed work, he said, involving some 300 workers each shift.

In Rupert the Rural Electric Co., officials said their firm was fortunate in that only one secondary pole was blown near the Ponderosa Inn.

In Twin Falls problems were confined largely to brief power failures, broken tree branches and heavy dust. A roof from the Chalet Amusement Center north of Twin Falls was blown off and came to rest at the side of U.S. 93 near the Perrine Memorial bridge.

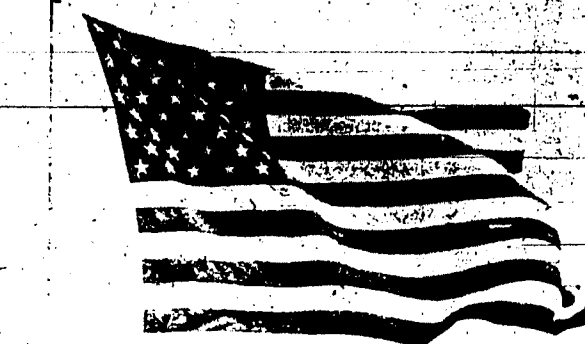

Servicemen from both Idaho Power and Mountain Bell were busy throughout the day as minor damage resulted.

K. R. Mann, district manager for Mountain Bell, said there was no major trouble although some lines were out of service briefly.

Jim Johnstone, Idaho Power maintenance superintendent, said power was cut in the Filer, Oakley, and Kimberly areas briefly Tuesday night with about 600 customers losing service for about an hour in the Filer area. Insulators were broken in some cases as winds whipped power lines.

Jim Johnstone, Idaho Power maintenance superintendent, said power was cut in the Filer, Oakley, and Kimberly areas briefly Tuesday night with about 600 customers losing service for about an hour in the Filer area. Insulators were broken in some cases as winds whipped power lines.

TO VISIT FAIR MOSCOW (UPI)—Czechoslovak President Ludvik Svoboda left Moscow Tuesday for Ulan Bator, the Mongolian capital. After a visit in Ulan Bator, he plans to fly to Japan to see the Worlds Fair at Osaka.

THAT PESKY MARCH wind that stirred up so much dust and exasperation Tuesday did have a few good points. It did keep old Glory flying briskly atop many flagstaves throughout the area, reminding all that it's good to be living in the Land of the Free. This sight attracted the attention of many passersby at the Gulf service station at Kimberly Road and Eastland Drive.

Castleford School Budget Is Aired

CASTLEFORD — A budget of \$225,373.81 for the Castleford School District fiscal year beginning July 1 is scheduled to be approved by trustees after a hearing held in conjunction with the local PTA meeting.

Supt. Floyd Bowers said the mill levy, 30 for general fund and 4 for bond interest, is the same as last year. Assessed valuation of the district has increased by \$181,805 during the year, with a total valuation of \$3,423,803.

The official explained at the PTA meeting Monday af-

Filer Sets Easter Services

FILER — The Rev. T. D. Johnston, pastor of Clover Trinity and Peace Lutheran Churches, announces special services for this week.

A Maundy Thursday service will be held at 8 p.m. at Clover and will include Holy Communion. Sermon text will be "The Lord's Supper."

Good Friday services will be held at 7 p.m. at Peace Lutheran and at 8 p.m. at Clover. The sermon and filmstrip will be "The Crucifixion." The children's choir will sing "There is a Green Hill Far Away" at Peace, and the senior choir will present "Were You There When They Crucified My Lord" at Clover.

Peace Lutheran League will serve an Easter breakfast for church members and guests at 6 a.m. The Easter service will be held at 9 a.m. with the sermon, "Jesus Still Lives, Hallelujah!" The choir anthem will be "God's Son Has Made Me Free." A special filmstrip will be shown to the Sunday School.

SMOLDERING DEBRIS from the old Foss Manufacturing building on Second Avenue South is pushed into the basement area by a bulldozer operated by Keith Sligar of the Northwest Rigging and Crane Co. The firm holds the contract for demolition of buildings under Phase 2 of the Twin Falls Urban

Renewal project. The building was demolished and buried during the past weekend. Basement area will be filled in by the contractor and compacted. Later it will be blacktopped and metered to become an off-street parking area, owned by Off Street Parking Inc.

WOULD YOU BELIEVE it gets windy around here occasionally during March? Tuesday was such a day, as Chuck Koehn found out—not only having trouble hanging onto a shopping bag, but also seemingly in some danger of losing his top coat and suit coat. (Photo by Dan Johnson)

Governor, Solon To Visit Hailey

HAILEY — Blaine county voters will be shown considerable attention next week by two top Republican elected officials in Idaho.

Both Gov. Don Samuelson and Rep. Orval Hansen plan visits with local officials party and civic leaders, as well as being available to interested citizens as part of their courthouse

Castleford PTA Elects Officers

CASTLEFORD — Mrs. Lynn Johnson was re-elected president of the Castleford PTA at a meeting Monday afternoon in the high school auditorium.

Other officers include Mrs. Ronald Owens, vice president; Mrs. Maurice Guerry, treasurer, and Mrs. Nelson Ripa, secretary, and Mrs. James Clark, assistant secretary.

Officers will be installed April 27 with Mrs. Earl Heidel as installing officer.

Mrs. Darrel Parker presented her kindergarten class in an exhibition of physical fitness, showing balance and coordination.

Helicopter Takes 72 For Rides

FAIRFIELD — For the first time in history a helicopter landed and departed Sunday from the top of Soldier mountain above Fairfield. Seventy two people took advantage of the opportunity to ride from the Soldier Mountain Ski Area to the top of the mountain.

All but 20 of these took their skis along and skied back down the mountain to the Ski Lift.

The novel ride was arranged by Jack Frostenson and Helicopters Incorporated of Sun Valley with Danny Danielson as pilot. Most of the riders were from the various towns in Magic Valley though some were from as far away as Ogden, Utah.

Meet Slated

BURLEY — The new marching and concert band for the Burley-Rupert area will have its organizational meeting at 7 p.m. Monday in the conference room of the Idaho Bank and Trust building in Burley.

Those interested in the band are urged to attend. Further information may be obtained by calling Marvin Lewis, 678-3067.

Urban Renewal Demolition Progressing On Schedule

Urban Renewal demolition is going ahead on schedule and by June 1, construction will begin on downtown streets, alleys and storm sewers, Voy Hudson, chairman of the Twin Falls Urban Renewal Association, reported Wednesday.

The second building under Phase 2 of the urban renewal project is now in final stages of demolition. It is the old Foss Manufacturing building on Second Avenue South which was torn down and burned during the past weekend. Mr. Hudson said the basement area of the building will be filled in and compacted by Northwest Rigging and Crane Co., contractor for the present demolition work.

It will later be blacktopped by Street Parking Inc. Property across from the present police station where the first building was demolished is also presently for sale.

All scheduled demolition work will be completed this year, most of it by the time reconstruction starts in June. This will mean a poor summer for downtown area traffic and business but it should be complete and ready for paving by September, Mr. Hudson said, giving the downtown area its new look in time for the fall and winter shopping season.

Business in the buildings being demolished are all relocated through the assistance of the Urban Renewal Agency if they choose

to relocate. Mr. Hudson said The Boster Key Shop and Rent-A-Alls Co., both in the Foss building, have been relocated and are now doing business in their new locations. The Rent-A-Alls Co. is now at the end of Shoshone Street at 7th Shoshone St. W., and the Boster Key Shop is open for business at 350 Main Ave. S.

"AMATEURS" FAIL HELSINKI (UPI)—A charge of dynamite set off by two burglars demolished a bank and roched nearby apartment buildings Tuesday. But the vault remained intact. "Amateurish," said a police official.

Workshop Slated By Rebekahs

Mrs. Bernice Lambert, lodge deputy, made her official visit to Primrose Rebekah Lodge No. 76 recently and announcement was made of the forthcoming public relations workshop.

The workshop is set March 28 in Shoshone beginning at 1:30 p.m.

A donation of \$15 was given to the Odd Fellows Educational Foundation and it was announced 35 members have made friendship visits to neighboring lodges.

Beatrice Deal and Delbert Deal, Longview, Wash., and Inez Hart, Portland, were introduced and welcomed. Fronia Campbell was admitted to membership by transfer from Buhl. Mrs. Vanessa Johnson and Frank Eastman were in charge of the program honoring

Schuyler College, founder of the Rebekah Degree.

An auction of "mystery gifts" with Mr. Eastman as auctioneer, was held, with proceeds going to the assembly president's project, a deep freeze for the Odd Fellows Home in Caldwell.

Women's Section

Ritual Ceremony Held For Local Omicron Chapter

"Ritual of Jewels" ceremony for the Omicron Chapter of Beta Sigma Phi was held recently at the home of Mrs. Lawrence Vecera.

Those going into Omicron Chapter are Mrs. Delman Johnson and Mrs. Steve Swope.

Mrs. Vecera read the ritual, assisted by Mrs. Jack Jardine, Beverly Richardson and Mrs. Bruce Mecham.

After the ritual, chapter members went to Kay's Supper Club for a no-host birthday dinner. Mrs. Jardine made in-

dividual chocolate cakes, each decorated with a single candle. Gifts were exchanged.

The next meeting is set for 8 p.m. March 25 at the home of Mrs. Jardine. Chapter members will vote on the "Girl of the Year," city council representatives and elect new chapter officers.

Mrs. Mecham will give the cultural on "Her Crowning Glory."

The Founder's Day banquet is set for May 2 at the Idaho Room at Griggs Cafe, with all city chapters attending.

Club Convenes

WENDELL — The Magic Valley Friendship Club for Handicapped Adults met at the American Legion Hall, Wendell, with members attending from Wendell, Gooding, Jerome, and Malad.

Mrs. J. Vaughn read an article which Jack Roderick had written and then she showed pictures from the Easter Seal Camp. Mrs. Vaughn also showed pictures of their cabin in the Smokey Mountains.

The next meeting is April 9.

Food Additives Lesson Given, Slides Shown

WENDELL — A lesson, "Food Additives," was presented to the Home Improvement Club and slides were shown by Mrs. Esther Pierce, with Mrs. Hugh Caldwell narrating.

The meeting was opened with a thought for the day by Mrs. Caldwell. Roll call topic was "Food Preparation Hints." Mrs. Agnes Byce, chairman of the yearbook, reported the club yearbook will soon be ready for distribution. A report from the budget committee was heard and ideas were discussed for money raising projects.

It was reported three members assisted at the Wendell Blood Drawing. Assisting with the March of Dimes were Mrs. Ruth Wahler and Mrs. Pierce.

Mrs. Hazel Haverland requested her name be removed as council representative. The position will be filled by Mrs. Wahler.

The date of the next club meeting has been changed from April 14 to April 7 because of the conflict with the district meeting of the Home Demonstration Clubs in Jerome April 14.

The social hour was under direction of Mrs. Ione Harmsen and Mrs. Caldwell.

29 Women Honored For Hospital Service Hours

RUPERT — Twenty-nine women of the Minidoka Memorial Hospital Guild were honored for service hours at Minidoka Memorial Hospital, Rupert.

Pins for 100 hours were presented to Mrs. Carolyn Hymas, Mrs. Juanita Klinger, Mrs. Betty MacNeil and Mrs. Gladys Phillips.

The following women received bars for service hours: Mrs. Mary Crawford, Mrs. Ruth Baily, Mrs. Olga Fisher, Mrs. Olive Haynes, Mrs. Grace King, Mrs. Karen Poppleton, Mrs. Pat Slavin and Mrs. Wilma Workman, each 200 hours.

Mrs. Alma Knopp, Mrs. Mary Rogers and Mrs. Ray Hon-singer, all 300 hours; Mrs. Virginia Larimer, 400 hours; Mrs. Vaona McBride and Mrs. Mary Zeimet, 500 hours; Mrs. Dottie Burton, 700 hours; Mrs. Mildred Markland and Mrs. Delores Moller, both 800 hours.

Mrs. Dorothy Courtright, 1,000 hours; Mrs. Maude Moller, 1,200 hours; Mrs. Velma Moller, Mrs. Norma Pflughoeft and Mrs. Ruby Workman, each 1,400 hours; Mrs. Charlotte Manning, 1,500 hours; Mrs. Gerry Pulwyler, 1,700 hours, and Mrs. Theresa Henschied, 2,300 hours.

The guild was organized Feb. 16, 1961, and currently consists

of about 50 members. During 1969 members donated 5,439½ hours service to hospital patients. The guild became a member of the State Hospital Auxiliary in 1968.

Men are needed for hospital volunteer service to work in association with the Pink Ladies. Mrs. Virginia Larimer, co-chairman of the geriatrics ward for the guild, said that men patients are "hungry" for association with other men. She added that normal conversation, card or checker playing means a lot to men patients, and they would like to share activities with other men.

Anyone wanting to participate in service work of this type is asked to contact either Mrs. Larimer or Mrs. Juanita Klinger.

ON SPRING SCENE

Knits and crochet hats, in lightweight fabrics, are very much "in" on the spring scene. And nothing looks better under them than bouncy, springy curls—unless it's the bowl-shaped shepherd-boy haircut or the still swingy long, straight, flowing locks. You can pick from the hair fashions. Just make sure tresses are clean and shiny, then style to suit your face and needs.

Dear Abby

By ABIGAIL VAN BUREN

DEAR ABBY: We live in a small town where everybody knows everybody else's business.

Well, my husband and I have two cars. He drives one and I drive the other. About a week ago he asked me if I would mind letting him use MY car because his had to go into the shop. Well, of course I said I didn't mind, even tho it meant my begging ride with my neighbors to haul my kids here and there, do my marketing, and so on.

It turned out that HIS car never did go into the shop as there was nothing wrong with it. Instead he let some redheaded divorcee who works for him use HIS car because HERS had to go into the shop. How about that?

Everybody in town has seen this redhead driving my husband's car and I am plenty mad! My sister says I should go see this redhead and smash her nose in. What is your advice?

NO WHEELS

DEAR NO: Don't take your sister's advice seriously or you could have an assault case on your hands. Ask your husband if the redhead is driving his car for business or pleasure. If it's pleasure—give him the business.

DEAR ABBY: I am 27 years old and I'm writing to you with a problem I am too ashamed to ask anybody about face to face. I grew up on a farm. We had 16 cows who had to be milked morning and evening and I did ALL the milking. We didn't have mechanical milkers, so I milked those cows by HAND myself.

U

Well, my problem is I have a forearm, any man would be proud of, and I am a woman. Is there any way I can get those big muscles down? They aren't as firm as they used to be because I don't milk cows any more, but I would like to wear sleeveless dresses now and then. Thanks for any help you can give me.

"MUSCLES"

DEAR MUSCLES: When a formerly muscular person stops exercising, flab replaces muscle. If I were you, I'd wear sleeves.

DEAR ABBY: Will you please remind your readers to look after parents when they're old, senile, half blind, crippled, and unable to lead a normal life? Old parents need all their children. It's not always easy to cope with aging parents, but we weren't easy to cope with when they were raising US either. We owe it to them. I just wish someone had reminded me of these things when Mamma was still alive. It's too late now, and I haven't had a decent night's sleep since she died three months ago.

I knew she had a good home with my sister, so that was that. Why didn't I take her for a few weeks, or even for Sunday dinner, or for a little drive? I never had time for her, yet I had time for others, and anything else I wanted to do. Mamma was so lonely, and a change of scenery would have meant so much to her. Or even a meal at my home, but I was too busy. And I had plenty of excuses.

I suppose the only one in our large family who is sleeping is my sister who took Mamma to live with her. I've tried to ease my conscience by telling myself I wasn't really ashamed of her like my older brother was. Or I wasn't cheap like another sister. I did buy her things (which she never really needed or enjoyed much). But it's too late now. I hope Mamma forgives me.

CAN'T SLEEP

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 68700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Norene Nonaka, Williams Wed

The College of Idaho Chapel, Caldwell, was the setting for the Feb. 13 wedding of Norene Nonaka, daughter of Mr. and Mrs. Manabe Nonaka, Haleiwa, Hawaii, and Scott Williams, son of Mr. and Mrs. Ronald R. Williams, Twin Falls.

The double ring ceremony was performed by Dr. Douglas Tiffany, McCall. Mrs. Gwen Sears, Boise, provided the wedding music.

The bride, given in marriage by Robert Walkup, Boise, wore a street-length champagne-colored lace dress.

The bride and bridegroom wore red carnation leis and white carnation leis were provided for the rest of the wedding party, with orchid leis for the bridegroom's mother and grandmothers. All the leis were from Hawaii.

Lane Walkup was bridesmaid and Terry Williams, brother of the bridegroom, McCall, was best man. Ushers were Ted Manier Jr., Twin Falls, and Ed Manier, Boise.

A reception was held immediately after the ceremony in the Pioneer Room on campus. The bride's table was covered with white and accented with fresh red roses, greenery and white tapers. The three-tiered wedding cake was decorated with white doves and red roses.

Mrs. Terry Williams, sister-in-law of the bridegroom, served punch and Sharon Thi served coffee. Cake was served by Carolyn Lutes. Guests were registered by Sandy Prentice and Mr. and Mrs. Lynn Seimman were in charge of the gifts.

Guests, other than college friends, attended from Boise, Twin Falls, McCall, Washington and Colorado.

Special guests were the bridegroom's grandparents, Mr. and Mrs. W. E. Cook, Twin Falls, and Mr. and Mrs. R. W. Williams, Longmont, Colo.

The bridegroom's parents hosted a dinner for the couple at McGavin's later in the day.

A pre-captial shower was hosted for the bride by residents at Simplot Hall.

The bride is a senior at the College of Idaho, majoring in education. The bridegroom is a 1968 graduate of the College of Idaho, then attended the University of Idaho and is presently working on his thesis for a masters degree in psychology and is employed in Boise. The newweds reside at 4614 Fillmore, Caldwell.

LOOK FOR DURABILITY. When buying a baby quilt, look for lasting quality. Look for close stitching so padding can't shift, smoothly attached binding and decorative accents. Both sides should be equally well-finished. Keep it new-looking by proper laundering techniques: wash on gentle cycle; fluff in dryer. Don't iron or put through wringer or you'll squeeze out the insulating properties.

MR. AND MRS. SCOTT WILLIAMS

Magic Valley Favorites

ROBYN HAWES
517 E. Ave. B, Jerome

Cherry Crumb Pie
1 1/2 cups graham cracker crumbs, crushed
1 stick margarine
8 ounce package cream cheese
1 cup sugar
1 package Dream Whip
(regular size—use one-half cup milk for one envelope)
1 can cherry pie filling

Mix graham cracker crumbs and melted margarine. Line a 9-inch square baking dish with crumbs (making sides as on a pastry shell). Bake at 350 degrees for 10 minutes. Cool. Make cream cheese mixture, softened to which sugar has been added. Spread over the

cooled crumb layer. The next layer is envelope of Dream Whip, prepared for the last layer, spoon cherry pie filling over all. Chill in refrigerator and cut in squares to serve. Best if allowed to set several hours or overnight. Serves 10 to 12.

The Times-News will pay \$5 each week for the best recipe submitted for Magic Valley Favorites. If you have a favorite recipe, just mail it to the Recipe Department, Women's Page Editor. The recipe becomes the property of the Times-News and cannot be returned.

Mrs. Price Is President Of Jay-C-Ettes

BUHL — Mrs. Willard Price was elected president of the Buhl Jay-C-Ettes at the regular March meeting at the home of Mrs. Richard Benken. Mrs. Wesley Rathbun will serve as vice president; Mrs. Marvin Lively, secretary, and Mrs. Rencken, treasurer.

Elected to serve on the board of directors were Mrs. Bill Dillard, Mrs. Hoyte Miller and Mrs. Jerry Kaster, with Mrs. Bob Fields, immediate past president, serving as state director on the local board.

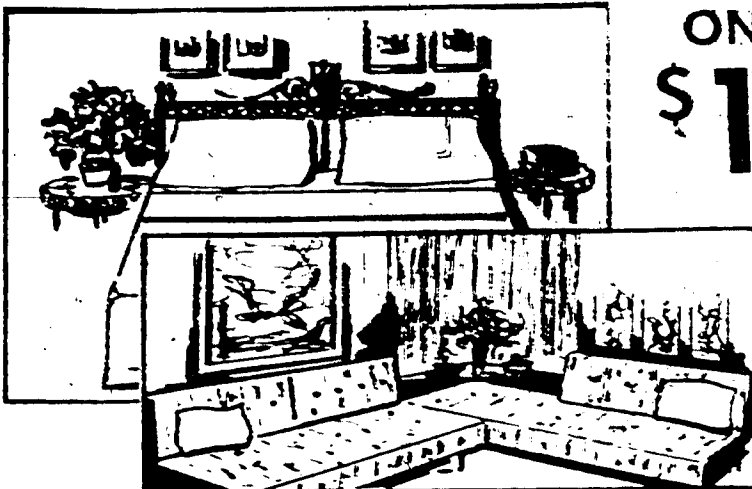

A joint installation meeting with the Jaycees is being planned. Members voted to host a salad bar luncheon for the women of the Buhl business area and women's organizations, with the proceeds to go to the club convention fund. The luncheon will be held at the Jaycee Hall between the hours of 11 a.m. and 2 p.m. and the menu will include salads, open-face sandwiches or rolls and coffee. Chairmen for the event are Mrs. Marvin Lively and Mrs. Price.

The date for the luncheon is tentatively set for April 1. Members also voted to hold a sandwich sale at Shelby's Market in Buhl. Mrs. Wes Rathbun was selected to represent the club in the Best Cook contest on April 10.

CLOCHE IS IN SEASON
Knit and crocheted caps stay with us into spring. The fabrics are lighter—but the look is the same. The cloche comes into its own this season.

96th Birthday Observed

HAGERMAN — Mrs. Florie Stark was honored recently at the United Methodist Church in observance of her 96th Birthday Anniversary.

Special recognition was extended Mrs. Stark during church service when she was also presented a corsage from the congregation by Alfred

Sandy. After church services, a potluck dinner was held with guests attending from Gooding also. A birthday cake was prepared by Mrs. Sandy. During the dinner, Cheryl Sandy and Peggy Hendrickson entertained with several vocal selections, accompanied by Peggy on the guitar.

Entering the playoffs for the first time are last year's two winners, Milwaukee and Phoenix. Missing for the first time in 20 years are the Boston Celtics, champs in 11 of the last 15 years.

Al Schallau, president of World Sports said that under the terms of the contract, Hines will run in all of the organization's first 16 professional track and field meets of 1970 before reporting to the training camp for the pro football Miami Dolphins.

Profits for the event at the Colonial Country Club, previously known as the Memphis Open, will go to one of the actor's charities, the St. Jude Children's Research Hospital in Memphis.

Bodell bullied his way into close quarter exchanges and several times scored with his right jab and left crosses but he did not have the punch to seriously trouble Cooper.

Don't be so afraid that your false teeth will come loose or drop just at the wrong time. For more security and more comfort, sprinkle famous FASTEETH Denure Adhesive Powder on your plates. FASTEETH holds dentures firmer, longer. Makes waiting dentures longer. FASTEETH is alkaline—no more sour under dentures. No gummy, gooey, pasty taste. Denures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

New Baseball Retired

By LARRY HOVEY
Times-News Sports Editor
After coming away from the national junior college tournament in Hutchinson, Kan., the overall impression could be summed up in one word — quirkiness.

That appeared to mark the major difference in the top clubs although, of course, some of them were able to overcome that with greater size. Still, taken by individual, the size of some of the players both in length and girth coupled with excellent lateral movement was impressive.

There was a heavy run to 6-4 and 6-5 guards who were very fine players and gave the impression that should basketball fall them, there was always professional football to fall back on. One such was Jerry Dunn, now who Idaho State fans know right off that the name itself gives the kid a pretty fair break, even without the "E" who is 6-5 and plays guard for Vincennes. Another 6-4 guard and ultra impressive was Ray Golsen of Christian College of the Southwest who is well high close to unstoppable one-on-one.

Vincennes started 6-10, 6-9, 6-6, 6-5 and 6-3 and the former three are returning next season. Christian College, which CSI defeated in what Jerry Meyerhoffer calls the greatest win in Eagle history, had a tremendous ball club with Golsen and a 6-8 powerhouse named Steve Davidson.

Several people already have asked how the first game ended with CSI having less than a second to get off a shot and overtake the Ferrum one-point advantage.

CSI had the ball out of bounds under its own basketball. Coach Jerry Hale called time out and set up a play that called for guard Larry Reitz to toss the ball up and let Al Davis try to tip it in. But when Reitz took the ball from the official, the referee said something like "you know it has to be a shot and now a tip. You can't throw it in high."

CSI had line up in a stack four with the guards breaking to the sides and Bassett breaking under and past the basket to clear the area for Al Davis was gathered for the jump, expecting the high feed, but he got the ball instead at his mid-section and had to take the costly dribble to control it and keep from traveling. He was starting up with a can't miss lefthanded hook from immediately under the bucket when the buzzer sounded.

Immediately after the game Coach Hale asked the official from his interpretation of what he'd told Reitz and got the answer "Oh, the boy must have misunderstood!"

The sharpest part of CSI's game was its defiance of zone defense. Only three teams, Casper, Snow and CSI, stayed with the man game all the time. The other teams didn't attack a zone, however. They put it up from 20 to 30 feet and hoped for percentages. CSI played off the glass more than any team in the tournament and it was through such passing that Steve Hegens, although he scored well and did other things, undoubtedly won his all-tournament selection. He had many brilliant assists but all the Eagles had a few. We think it would be fair to say that CSI had more shots from inside the keyhole area than any team in the tourney and double about half of them.

The road for the 18th region to next year's nationals will be tougher since we again are visited with the problem of playing an inter-region playoff with the Utah-Arizona area champion. However, the best of three series will be played on the homecourt of this region's champion, meaning if the Eagles win they will host the affair.

Coach Hale anticipates cutting back the CSI schedule next year to about 26 games. His greatest desire right now is to round up some extra cash and stage a sensational type two-night tournament.

By United Press International
You won't find hide nor hare of the 5-X experimental "rabbit ball" today.

After a devastating March 18 when 208 runs were scored in 12 games and pitchers were pounded for close to 300 hits, baseball Commissioner Bowie Kuhn decided to cancel the final two experimental days with the 5 per cent more resilient baseball.

Los Angeles couldn't care less over the type of baseball they used Tuesday as the

Baseball Needs Guy Like This

CLEARWATER, Fla. (UPI) — What baseball needs now is more people like Frank Lucchesi.

When you get right down to it, why only baseball? The whole world would do better with more individuals like Frank Lucchesi. Here's a guy who communicates with a capital C. He does it so well and has been doing it so long, he's one of the best communicators around right now and isn't that what the young generation keeps hollering for all the time?

Lucchesi is no kid. He'll be 43 in a few weeks and he's the new man with the Phillies. He's their new manager but not exactly new to their organization because he has been handling minor league clubs for them the last 14 years.

Remember the old Packard slogan? Ask the Man Who Owns One. If you want to know about a manager, ask somebody who has played for him. Somebody who will tell it like it is. Somebody like Richie Allen of the Cardinals.

Lanier Said Ready To Ink Piston Pact

BUFFALO, N.Y. (UPI)—The Detroit Pistons have scheduled a 10-30 a.m. news conference for Wednesday to announce the signing of 6-11 All America center Bob Lanier of St. Bonaventure, thus ending the price war with the New York Nets of the rival American Basketball Association for the best big man in the collegiate ranks.

The news conference was called by the Pistons General Manager Ed Coyle, who arrived in Buffalo Tuesday to put Lanier's signature on a five-year contract.

Dodgers scored nine runs on 11 hits in the second inning en route to a 13-4 victory over the Chicago White Sox. During the inning, rookie Steve Garvey belted a triple and a homer, Andy Kosco collected a pair of singles and Jim Lefebvre contributed a single and double.

Willie Crawford and Kosco also homered for Los Angeles, while Duane Josephson hit two homers for the White Sox and Bill Melton had a solo blast.

Pitching began catching up to the hitting Tuesday as three shutouts were recorded in exhibition games. Grant Jackson and Billy Wilson combined on a four-hitter as Philadelphia blanked Detroit, 5-0. John Briggs homered for the Phils. Jim Perry yielded seven hits in seven innings and Tom Hall allowed two in two frames to produce Minnesota's 4-0 win over Cincinnati. Catcher Paul

Ratliff homered for the Twins. Frank Howard and Hank Allen homered for Washington as the Senators whitewashed Kansas City, 8-0. Four pitchers held the Royals to three hits, making it a total of seven hits issued by the Washington pitching corps in two consecutive shutout games.

Richie Allen hit his fifth homer in seven exhibition games but it wasn't enough as Pittsburgh drubbed St. Louis, 7-3. Jose Martinez hit a two-run homer for the Pirates.

Boston edged Houston 4-3, with George Scott contributing two singles that raised his spring batting average to .435. Denis Menke accounted for all the Astro runs with a homer.

The Mets finally cracked a Yankee stranglehold that had stretched through eight spring games over a five-year period by beating their New York neighbors, 4-1. Ed Kranepool hit a two-run homer and Tom Seaver tuned up for his April 7 opening day assignment against Pittsburgh with five hits and a run in six innings.

Nate Colbert and Clarence Gaston each had three hits and three RBI's in San Diego's 15-6 win over Oakland, the Chicago Cubs' seven-run third inning beat Cleveland, 10-8, and California edged Seattle, 2-1.

Lotz Keeps Lead In Pro Prize List

NEW YORK (UPI)—Dick Lotz retained his lead in the Professional Golfers Association money standings Tuesday although he earned only \$100 last weekend by finishing far back in the Jacksonville Open.

Lotz's \$55,025 was sufficient to keep him above Bob Lunn in the standings.

Blake, CSI Drop Idaho State 2-1 After Losing Opener 8-2

Righthander Ron Blake, working out of jams in the final three innings, pitched the College of Southern Idaho Golden Eagles past Idaho State University, 2-1 Tuesday afternoon after the visiting Bengals had exploded for six runs in the seventh inning to win the opener 8-2.

The twin bill ended the four-game series between the two schools, each winning twice and Blake, a Jerome graduate, posting both wins for the Eagles. The Eagles' next home game will be April 2 when they host University of Montana in a doubleheader. They will travel to Treasure Valley Community College April 3.

CSI got its two decisive runs in the first inning, the second one on a collision resulting from a fly ball that allowed Dave Frazier to score all the way from first base.

Lead-off man Tom Aiperspach started it with a double and eventually scored on

a slow roller by Russ Hilliard. Frazier drew a walk just before Art Benevise hit a high fly toward right field. The first and second basemen and the rightfielder all got into the act, the infielders colliding and sending the ball down the rightfield line.

Boyd Gailey scored ISU's lone run after walking and scored on Fagan's wrongfield double. A great throw by leftfielder Will Ward cut down a second runner at the plate.

After that errors and a couple of walks kept Blake in danger of losing that one-run lead but he managed to pitch his way out of all of them. Idaho State made a strong bid in the seventh when Gailey, pinch running, tried to score from third on an errant pitch but was tagged out at the plate.

The first game was tight with Idaho State managing a 2-1 lead without a base hit until running away in the seventh inning. Curt Kinghorn, a Twin Falls

graduate, got the two runs he needed in the second when an error, a walk, a sacrifice bunt and two consecutive wild pitches by loser Randy Shroll gave the Bengals two runs.

Ward broke Kinghorn's no-hit and shutout bid in the fourth inning when he cracked a lineshot homer up the leftfield power alley despite the strong win.

ISU wrapped it up in the seventh when Bill Gailey singled and advanced when Ted Loveday, Kimberly, walked. Kinghorn bunted his way on to load the bases and then came a walk to Boyd Gailey and singles by Baun and Fagan. A couple of CSI errors contributed to the scoring avalanche.

CSI got one back when Art Benevise singled and came around on John Gieseler's two bagger.

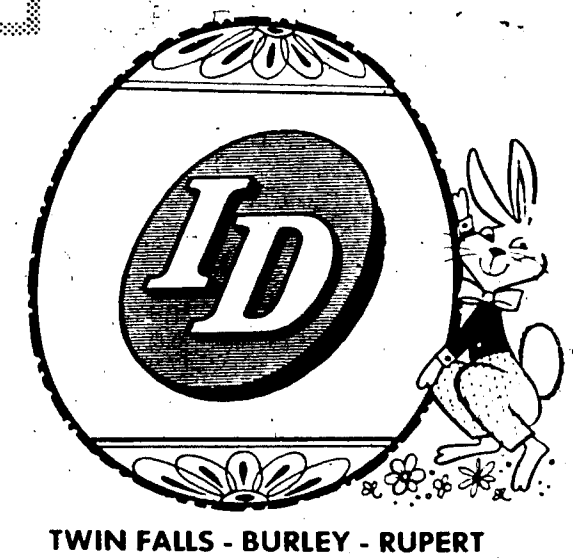

CSI Baseball Club Slates 16 Games

College of Southern Idaho again will meet Ricks College six times to decide the northern division champion of the ICAC, for the right to play for a spot in the national junior college tournament.

The winner of the best of six will go against the southern division winner and the team taking the best of three there will advance to the national finals at Mesa College in Grand Junction, Colo.

The CSI schedule includes April 2, University of Montana at Twin Falls; April 3, CSI at Treasure Valley; April 9-10, Ricks at CSI (three games); April 13, CSI at Boise State; April 24, Treasure Valley at CSI; April 25, Boise State at CSI; May 1-2, CSI at Ricks (three games).

WAITING AT THE GATE at Joslin Field to board the plane for Los Angeles are The Rounders, from left, Wes Hardin, Mark Bowen and Garin Yost. The boys left Twin Falls Tuesday morning for a three-day trip to Los Angeles and an RCA recording session, sponsored by Henry Mancini. Mr. Mancini heard the three Twin Falls High School seniors perform during Christmas vacation at the Ore House in Ketchum. He was so impressed with their ability he arranged the recording session. Mark plays the banjo and guitar; Wes the bass guitar, and Garin a 12-string guitar.

Toastmistress Club Winner Is Mrs. E. Taylor

Mrs. Eldred Taylor received the Blue Pencil for her ice-breaker speech at a recent Twin Falls Toastmistress club meeting.

The team of Mrs. James Sinclair and Mrs. Bill Cannedy won a question and answer bout following a lesson on parliamentary law and procedure taught by Mrs. LeRoy Arrington. Mrs. Les Jones, Mrs. Ellis Fuller and Mrs. Taylor were named to the nominating committee.

Mrs. Cannedy gave the welcoming message. Mrs. DeVern Fuller gave the lexicology on terms and words used in parliamentary procedure. Mrs. Arrington gave the invocation and pledge.

Membership was stressed and anyone interested in joining Toastmistress is invited to call Mrs. John Kogntz, 733-7115.

Mrs. Frank Garrison and Mrs. Bill Munger were guests. The next meeting will be April 3.

Ro-Neet lets your sugar beets grow free

Your sugar beets grow free from most grasses and broad-leaf weeds. Free from their competition for soil moisture, nutrients and root growing room. Free from the growth stress weeds cause. Free from early cultivation and possible cultivator injury to feeder roots and tender foliage.

This season, use dependable, economical Ro-Neet—the No. 1 sugar beet herbicide before you plant—get your

sugar beets off to a good, strong start. Ro-Neet stops the toughest grasses and broad-leaf weeds, including nutgrass, watergrass or barnyardgrass, wild oats, foxtails, redroot pigweed, lambsquarters, nightshades and many others that reduce your yields. Ro-Neet 6-E liquid or 10-G granules are easy to handle and apply. They stop weeds, make thinning and blocking easier and less costly. Free yourself from unnecessary work and worry—see us today for Ro-Neet.

USS United States Steel Farm Service Centers

Denver Air School Like United Nations

NEW YORK (UPI)—Japanese pilots go to school in Denver to brush up on their skills and to learn how to fly the big new jets.

The \$30 million United Air Lines flight training center at Stapleton Airport is something like a United Nations with wings. Business executives and corporate pilots from the Congo, West Germany and Pittsburgh go there to learn to fly the Learjet and other company-sized planes. Dancer Danny Kaye and golfer Arnold Palmer, who fly their own planes for business reasons, also drop in for brush up work or just to kibitz with Glenn Alfred, manager of airline and corporate flight training activities for United.

"We think this is a growing segment of the airlines business," said Alfred in a recent trip to New York. "and we're out to get business."

Last year the UAL center trained the crews of 22 other airlines, including 11 foreign carriers. It put 175 corporate pilots from 52 companies, 18 from overseas, through the paces of handling a Learjet. Another 107 flight personnel from 37 companies underwent special training. Companies like Anheuser-Busch, Beebe Cascade, Federated Department Stores and Trumof Fer-

tilizers of Johannesburg, South Africa, put in time at the UAL and paid for it.

United collected \$2 million in training fees from outside companies aside from giving \$2 million worth of training to its own crews. United captains must take refresher courses every six months.

"We're projecting a \$3 million intake from other companies this year," said Alfred, a pilot for 23 years.

One reason for the optimism is the need for training on the big, new Boeing 747. Three Japan Air Lines crewmen began 747 training at the center on March 23 and other JAL crews will follow. Braniff also will get its 747 training at the UAL center.

Tuition is expensive, about \$11,000 per man on the 747. That's figured on the basis of a three-man crew, training for 28 days and getting 32 hours of simulator time and six of actual flight time. Simulator time goes for \$300 per hour. It soars to \$1,200 per hour when the students actually fly the big bird.

Expenses also run high. Insurance on the \$22 million plane is expensive. Instructor time, fuel, cost of the plane itself, maintenance crews and the like run into big money.

Even training on the 737 doesn't come cheap. It costs \$200 per hour. Learjet lessons go for \$500 per hour.

To offer training in so many different planes requires a tremendous amount of equipment at the center. UAL has \$25 million invested in its 16 all-jet simulators, nine cockpit procedure trainers in addition to a standby fleet of 12 planes.

"When you consider that an airline spends about \$10,000 training each pilot, and another \$20,000 keeping him brushed up during his career," said Alfred, "you get an idea of why we think we're in a growth business. Consider all the companies which are going in for flying and you know you are."

Information Asked On Pay Study

BOISE (UPI)—State Auditor Joe Williams has written Gov. Don Samuelson urging the chief executive to come up with information on a study of the Federal Insurance Contribution Act pertaining to sick pay for state employees.

Williams said, "You advised me Nov. 25, 1969, that efforts would be put forth in this area and of the committee that was set up. I was never notified of any meeting held by the committee but I would like to receive a copy of the committee's findings and conclusions so that I can present them to the present study committee."

Williams said that the director of the committee on accounting systems and data processing, at the request of Tombe Ross and Co., is looking into the matter of FICA deductions on pay covered by state employees while on sick leave.

The auditor also said he would like to be advised of what steps have been taken by the administrative services to recover FICA taxes paid in previous years on wages earned while on sick leave.

Gov. Samuelson Continues Tour

BERT HUISE has completed a two-year training program for State Farm Insurance agents and gained the status of independent contractor with the firm. He and his wife were guests at a dinner party honoring his advancement. Also attending were Bill Jamison, agency manager, and Russ Pfeiffer, agency director.

EASTER VISIT
ATHENS (UPI)—Jacqueline Onassis and her children, Caroline and John, arrived Monday on the island of Skorpios, owned by her husband Aristotle Onassis. The former Mrs. John F. Kennedy and the children will return to Athens next weekend to attend Roman Catholic mass on Easter Sunday. Onassis is in London on business.

Samuelson, before leaving on his latest trip, stressed again that the series of forums is "non-partisan."

He said, "The people of Idaho have a lively and keen interest in their state government. It is essential that state government remain in close contact with the people."
